DECORATED THE DOGS

Pretty Ribbons Tell the Winners in All Classes.

SUCCESSFUL IS THE SHOW

The Crowds Are Large and People Appreciate the Novelty—All the Dogs Still on Exhibition—A List of the Winners, as Given by the Judge.

The people talked dog last night. It could be heard everywhere. When two or three were gathered together the conversation invariably turned to dogs, and men who knew nothing about the points of a dog argued with men who thought they did. It was a whirl of canine expressions and a jumble of professional terms.

The attendance last night and this morning was very good, and people who never believed they were interested in dogs went to the bench show and were amused. All the officers of the Kennel club made themselves as agreeable as the barking would allow, and those who could enjoy a bench show were given ample opportunity. The judging was carried on from the beginning, and there were some close contests, but the public was amused, and that is why so many people were there.

When the report of the NEWS REVIEW closed yesterday afternoon the judge had finished the report on bull terriers, and immediately continued the work by taking up the other side of the class. Luce, owned by William Wedgewood, got first place, and Rose, the property of James Massey, took second, while the white ribbon went to Lill, the property of Joseph Gibbons. Lady-go-Lightly was the winner among the puppies. The Kroutz kennels, of this city, captured the first and second in the Dackshunda class, with Chery and Waldham, and then the Beagles were disposed of. Bud owned by B. F. Till was the winner; Ike, Frank Little, came in for second; and Prince owned by Wesley McPherson, got third. Gipsy Queen, Walter Challis, got first in the other half of the class, and the event of the day came in the exhibition of fox terriers. There were a great many dogs in this class, and when it was all over the blue ribbon was found on the neck of Mrs. Wedgewood's Ferris Glen, and Ranter, John Owen, was wearing the red, a very proud dog. Mrs. Wedgewood got third in Rip Rap, and there was a long list of high commendations. High commendation was given Joseph Turnbull's Tass, Ralph Scragg's London Risk, and very high commendation went to H. E. Watkin's Ranter II., while Belgrave Nip, of the same kennel, was reserved for a special. In the next class of terriers Gretchen, James Wooliscroft, was first, H. E. Watkin's Oriole Triumph second, and George Meredith's Trix was third. Commendation went to Charles Harrison's Vesta Victoria; high commendation to Mrs. Wedgewood's Rose; very high commendation to H. E. Watkin's Blempton Vice, Triumph II., Thomas Amos' Daisy. In the puppies, Rip Rap got first, Minto, the property of William Rigby took second, and Triumph II came in for third. Snow Flake, owned by John C. Owen, was the blue ribbon bearer in the next half of this class, and Queen Victoria, Mrs. Anna Dunkerly, got second. Of the Irish terriers, Dominie, Richard Bandler, was first, and among the Sky terriers Biddy, Harry Williams, got the ribbon. Scott Bros., of New Cumberland, landed first with Rochelle Lord in black and tan terriers, and with Scott's Vic and Scott's Lassie, got the prizes in the next class. Venus, one of their dogs, got first among the puppies, and Midget, the property of O. D. Nice, took second. There were some Boston terriers exhibited, but they were ordered out of the ring, and the judge called for pugs. Baby Ivy, owned by John Hulme, was the winner, and Daisy, the property of George Chadwick, was first on her side of the question. Keffir Maid, John Hulme, was given the red ribbon, and Daisy S. Fred Hulme, wore the white. Grant Myler's Sir Monbars came in for a good first among the puppies, Alfred Beech's Beauty was second, and Benzetta, owned by H. S. Rinehart, won the other prize.

The awarding of the special prizes was commenced this morning and continued until noon. Bessie, I. N. Crabbe's fine dog, won the prize offered for the best dog in town, and Scott Brothers, of New Cumberland, won the kennel prize. The other awards were well scattered through the list and general satisfaction was expressed. The different classes were well represented, and showed that the majority of dogs won something. The standard of the judging was high. The show was well attended this

afternoon, and a big crowd is expected tonight.

MARRIED THIS MORNING.

John Fisher and Miss Catherine Ferrel Made One.

St. Aloysius' church was this morning the scene of a pretty wedding, the contracting parties being Mr. John Fisher and Miss Catherine Ferrel.

Solemn high mass was observed, Doctor Ferrel, a brother of the bride, performing the ceremony. Dr. George Murphy, professor of mental philosophy in St. Mary's college at Cleveland, was the deacon; Father Donahoe, also of Cleveland, was sub-deacon; Rev. John W. Bell, of Pittsburgh, was master of ceremonies, and Father Smythe took part in the impressive service. The bride was robed in a handsome gown of garnet Perisian silk, and the attendants were Miss Mary Ferrel and Mr. Patrick Fisher. A reception was held at the home of the bride on Sixth street, and the happy couple went east this afternoon for a bridal journey. Mr. Fisher has charge of the slip house at the china works, and the bride is a well known young lady. They have the best wishes of a host of friends.

FOOTBALL IS PROHIBITED.

Particularly When Small Boys Play on the Streets.

Chief Wyman arrested two small boys this morning who gave the names of Kinsey and Weaver. They were playing football on Sixth street, and enjoying the sport after the most approved fashion. The chief took them to city hall, but the mayor was not in his office, and they were ordered to report tonight.

The chief says that football is against the law when played on the streets and must cease. A party of boys kicked a ball through the glass in the door of a Second street building last week, and it cost the owner of the place \$5. There are numerous other instances, and it has been decided to rigidly enforce the law.

EX-PRISONERS ORGANIZE.

Officers Were Elected for the Coming Year.

The ex-prisoners of war met at the McKinley club rooms last night the following being present: N. A. Frederick, Alex McGraw, C. C. Morton, J. C. Allison, P. F. McCloskey, T. O. Timmons, Alex Coleman, F. Grimm, J. W. Gipner and J. Patterson, Wells-ville. After reading letters of regret from old soldiers in many parts of the county, the following officers were chosen for the year: President, Alex McGraw; vice president, J. Patterson; secretary, J. W. Gipner; treasurer, J. C. Allison; executive committee, P. McCloskey, president and secretary. The next meeting will be called by the president, and will likely be held soon as the charter has been secured.

JACK, THE SLASHER.

He is Around With His Knife Again.

That individual who finds pleasure in cutting and slashing the dresses of women when he can find them in a crowd, was out with his knife last night. This mysterious scamp cut right and left and succeeded in ruining the dresses of two young women who were at the fire on Fourth street last evening. He got close to them, as is his custom, and then plied the knife with destructive energy until he had completed his devilish task or was scared away. This individual has appeared in town many times, and always contrives to conceal his identity. The police have never been able to place him where he belongs.

A HOSPITAL MEETING.

The Ladies Will Talk It Over Tomorrow.

The ladies who are interested in the hospital project will meet tomorrow afternoon at the Young Men's Christian association. They want to see a great many more people present than were there at the last meeting, and hope greater interest will be shown. A number of new members have been added to the list since the last meeting, and the ladies earnestly hope enough interest will be shown to make the project a complete success.

CUT OUT A CARBUNCLE.

Logan Zane Got Rid of a Painful Affliction.

Logan Zane, a workman who resides on the Calcutta road, was the central figure in a surgical operation that took place this morning. Some weeks ago an immense carbuncle formed on his leg, and it gave him intense pain. It was thought at first that serious consequences might result, and the knife was used as the last remedy. The operation was successfully carried out, and Zane is much better. The carbuncle was of great size.

FIREMENS HARD FIGHT

But They Saved a Fourth Street House.

IT STARTED IN A CLOSET

No One Can Tell the Origin—It is Bathed in Mystery—Some Clothes Were Destroyed and the House Was Damaged. One Stream Used.

The fire department had another run last night and succeeded in extinguishing a blaze on Fourth street after a hard fight.

The fire was discovered in a double house owned by Oliver Burford at the lower end of the street, and the alarm was turned in from box 36, the first time the box was ever used. A patrol alarm was also sounded from the flint mill, and the bell on city hall clanged loudly. When the department reached the scene it was to find one part of the house burning rapidly. The house is occupied by William Bryan and a Mr. Johnson, and in the portion allotted to the latter the fire was in progress. It had broken out in a clothes press on the second floor, and quickly burned its way into the garret. There it had affairs all its own way until the firemen cut a hole in the roof and dropped in a stream. Meantime the Babcocks had been busy at the seat of the evil, and after a stubborn fight the flames were extinguished. It had been burning for some time before the alarm was given, and in addition to damaging the house to the extent of \$150, destroyed a new suit of clothes which Mr. Johnson had hung in the press only a short time before. The origin of the fire is a mystery. The chimney is not less than four feet from the closet, and the blaze can not be traced to a defective flue.

The firemen were complimented by Mr. Burford for the efficient manner in which they fought the flames and prevented the destruction of the building, for when they arrived it seemed as though the house was doomed. When the company got back to the station there was a hard job before them in cleaning up the apparatus, and it required far into the night. There have been three fires this week, but the total damage does not amount to over \$300.

WANT IT PUSHED.

People on the Hill Bless the Board of Improvements.

People on the hill are blessing the board of improvements, and hope their recommendation for the improvement of streets in their part of town will be approved by council.

A knot of parties most interested were discussing the matter last night, and urged a representative of this paper who happened to be present to advocate the improvement. "Council ought to order it," said one. "Here we are cut off from the world almost. Why, our families can't go out, the mud is so deep. Let council do what's right next summer, and we won't have it when winter comes."

NO APPROPRIATION.

The Ohio Will Get Nothing From Congress This Year.

The people who have been hoping congress would this year do something for the Ohio river can roll up their expectations into a little ball and allow them to rest for a season. Word comes from a source in Washington that the appropriation, while not yet decided upon, has been discussed, and the decision reached that the government can not afford to squander much money on the river just now. This, however, will have no effect upon the visit of the river and harbor committee in this part of the world. They will come and be entertained in style, even though they don't appropriate much money.

ROBBED IN WELLSVILLE.

Burglars Got Away With Jewelry and Dry Goods.

Thieves got into the dry goods store of W. H. Wells, in Wellsville, and helped themselves liberally. They gained entrance by cutting a pane of glass from a rear window, and then raised the sash. Dress goods and jewelry were taken, and the thieves got away without leaving a clew to their identity. The amount taken reaches \$500. Marks of a wagon in the alley cause the belief that they came prepared for a big haul.

TO TALK KINDERGARTEN.

Professor Snider Will Be Here Tomorrow Evening.

Professor Snider, one of the most noted kindergarten lecturers of the country, will be at the First U. P. church tomorrow evening, where he will talk to the kindergarten association of this city, and such other of the

public as desire to attend. He has been in Pittsburgh for six weeks lecturing before the kindergarten classes, and has expressed himself as deeply interested in the organization in this city. The local ladies who are interested in the movement hope there will be a large attendance, as no admission is charged. A Froebel study class will be organized in the afternoon.

FOLEY WILL BE BOSS.

A Pittsburgh Man Will Have Charge of the Bridge.

Engineer Herman Laub dropped into the city for an hour yesterday afternoon, and in company with Patrick Foley, of Pittsburgh, held a brief but business like conference with J. E. McDonald concerning the bridge. Mr. Foley will be the supervisor of construction, and will have direct charge of building the piers. He represents the Jutle company, and came yesterday for the purpose of obtaining some small information needed. He could not say when they would start, but said he would have men here before long.

MERCY FOR METZINGER.

Frazier Thinks Their is Little of It For His Friend.

J. F. Frazier, who was cut a few months ago by Fred Metzinger in a quarrel at a Second street hotel, was in Lisbon yesterday calling on his friend. While there he learned that the authorities had little faith in his promise to appear against Metzinger, and talked of putting him under bond, but he was so earnest in telling them that he would come when subpoenaed that he was allowed to come home. He does not think much mercy will be shown Metzinger if he is convicted.

CAUSED SOME TALK.

The Bible in the School Question Was Discussed.

The publication of the views of the board of education regarding the Bible in the schools, was thoroughly discussed in the city last evening. It was said that the board had taken the action because they believed the people were not anxious to have the Bible read by the teachers, and that only the patriotic societies wanted it. As the members of these organizations do not make up the majority of the people, the board thought it was obeying the will of the greater number.

WILL CHANGE THE BILL.

Liverpool Sportmen See Their Law in Print.

The bill which makes a few changes in the game laws of Ohio has been printed in Columbus by Representative Ashford, and a printed copy was sent to the parties in this city who prepared the measure. They continue to look upon it as right and just because it is what they want, but another bill was presented before this was well started, and some changes must be made in this measure before it can pass. From present indications the bill will become a law.

NO BIDDERS.

Farm Land Is Hard to Sell Just Now.

The John Foutts farm, situated almost four miles from the city, was put up at auction yesterday, and there was a knot of farmers present. For over three hours the auctioneer stood on the block and asked for bidders, but no one seemed to want it. When he found he could not sell it as a whole he offered it in halves, then in quarters, and finally as the purchaser wanted; but no one offered to bid a cent, and the sale was postponed until some other day.

Strengthened Governor McKinley.

The withdrawal of Benjamin Harrison from the presidential race was the subject of much comment in this place, and wherever discussed the opinion was openly expressed that Governor McKinley's cause was strengthened. There are people in town who watch every move in the presidential battle, and it is doubtful if the governor has more friends in any one place than he has in this city.

Wants Another Race.

Delaney, the skater, wants another go with Hale. He says he is willing to race him provided he will give half a mile in 10, and that chairs instead of flags will be used on the corners. The race, if arranged, must take place one week from Saturday night, the winner to take the gate receipts.

New Badges.

Badges have been received here for a foreman, assistant chief and four firemen in the department. They will be distributed at the next meeting. A badge of gold is being purchased for Doctor Taylor.

HAVE A RIGHT OF WAY

The Canton and East Liverpool Can Come to Town.

RIVER FRONT IS TAKEN UP

The Industrious Agents of the Company Have Been Gradually Taking Up Property Until All Is Secured Except the Metcch—It Was Quietly Done.

It is now known that the Canton and East Liverpool company have a deal of property along the river front, and it seems as though they can win in the war against the Cleveland and Pittsburgh.

The information comes direct, and there is no going beyond the fact that the company have secured a right of way between the plants situated on the river bank and the stream. The strip is not at all wide, but it is enough for all purposes, and is just what the company have been wanting. At one place the line comes close to that of the Pennsylvania, and in another it passes in the rear of a well known pottery, the owner declaring the company could have it only on the condition that it would never be sold to the Cleveland and Pittsburgh. The deal was closed the other day, and the sale is an assured fact. The Metcch property was the link wanted to complete the chain, but this could not be obtained. It is stated, however, that the deal with Mr. Metcch will have no effect on the road, for the want of his land will not shut the company out.

THREW IT OUT.

Judge Smith Thought the Evidence Unlucky.

Special to the NEWS REVIEW.

LISBON, Feb. 5.—The \$2,000 case of Adam Hum against the Pennsylvania company came to a sudden end last night when Judge Smith took it from the jury because the evidence did not make out a case.

The suit of Cynthia Bradshaw against J. C. Deidrick for \$440 was dismissed from the docket, and a settlement was affected in the case of Infirmary Director Filson against A. W. Taylor for \$400. A number of other cases were dismissed because of lack of prosecution or settlement. There were no Liverpool cases in the lot.

The report of the county commissioners was given to the court last evening, and Judge Smith appointed C. F. Speaker, A. W. Taylor and D. C. Nevins to report on it. It will be given to the public in a few days.

A BUSY DAY.

A Lisbon Man Had a Time of It Yesterday.

Special to the NEWS REVIEW.

LISBON, Feb. 5.—C. W. Hummer, of this place, was a busy man yesterday. He withdrew the \$15,000 damage suit he had entered against O. K. Taylor, of Salem, for the alienation of his wife's affections, and also killed the suit for divorce which he instituted against his wife some time ago. Not satisfied with these for a day's work he at once arranged to make an assignment, and did so this morning. He is a shoe merchant here, and the assignment was made to W. S. Potts.

May Go to Washington.

Winnie Mercer received a letter this morning from the manager of the Washington and Jefferson college baseball team asking his terms to act as coach for the college club until his engagement with the Washington club commences.

Dick Padden, who formerly played ball here but was recently signed by Pittsburgh, will play in Toronto, Can. He captained the Roanoke team last season.

Waiting For Them.

Charles Hutcheson and the man named Bradley who were implicated in the row on Broadway last Saturday night have not yet appeared to plead guilty or for sentence at the mayor's office. They were present the other day, and there was some talk of a consultation with an attorney, but the case has not yet been closed.

Will Sell the Organ.

The organ with a history which has been in the office of Squire Rose for several weeks will be sold next week. Constable Lyon and the squire still refuse to tell the story of the instrument, but it is evidently an amusing one, for they look at each other and smile when it is mentioned.

Taken to a Hospital.

Miss Betz, a teacher at the Fourth street school, was this morning taken to Canton where she will receive treatment at a hospital. The young lady is suffering with pneumonia, and is very ill.

WANT IT PUSHED.

People on the Hill Bless the Board of Improvements.

People on the hill are blessing the board of improvements, and hope their recommendation for the improvement of streets in their part of town will be approved by council.

A knot of parties most interested were discussing the matter last night, and urged a representative of this paper who happened to be present to advocate the improvement. "Council ought to order it," said one. "Here we are cut off from the world almost. Why, our families can't go out, the mud is so deep. Let council do what's right next summer, and we won't have it when winter comes."

NO APPROPRIATION.

The Ohio Will Get Nothing From Congress This Year.

The people who have been hoping congress would this year do something for the Ohio river can roll up their expectations into a little ball and allow them to rest for a season. Word comes from a source in Washington that the appropriation, while not yet decided upon, has been discussed, and the decision reached that the government can not afford to squander much money on the river just now. This, however, will have no effect upon the visit of the river and harbor committee in this part of the world. They will come and be entertained in style, even though they don't appropriate much money.

ROBBED IN WELLSVILLE.

Burglars Got Away With Jewelry and Dry Goods.

Thieves got into the dry goods store of W. H. Wells, in Wellsville, and helped themselves liberally. They gained entrance by cutting a pane of glass from a rear window, and then raised the sash. Dress goods and jewelry were taken, and the thieves got away without leaving a clew to their identity. The amount taken reaches \$500. Marks of a wagon in the alley cause the belief that they came prepared for a big haul.

TO TALK KINDERGARTEN.

Professor Snider Will Be Here Tomorrow Evening.

Professor Snider, one of the most noted kindergarten lecturers of the country, will be at the First U. P. church tomorrow evening, where he will talk to the kindergarten association of this city, and such other of the

public as desire to attend. He has been in Pittsburgh for six weeks lecturing before the kindergarten classes, and has expressed himself as deeply interested in the organization in this city. The local ladies who are interested in the movement hope there will be a large attendance, as no admission is charged. A Froebel study class will be organized in the afternoon.

FOLEY WILL BE BOSS.

A Pittsburgh Man Will Have Charge of the Bridge.

Engineer Herman Laub dropped into the city for an hour yesterday afternoon, and in company with Patrick Foley, of Pittsburgh, held a brief but business like conference with J. E. McDonald concerning the bridge. Mr. Foley will be the supervisor of construction, and will have direct charge of building the piers. He represents the Juttie company, and came yesterday for the purpose of obtaining some small information needed. He could not say when they would start, but said he would have men here before long.

MERCY FOR METZINGER.

Frazier Thinks There is Little of It For His Friend.

J. F. Frazier, who was cut a few months ago by Fred Metzinger in a quarrel at a Second street hotel, was in Lisbon yesterday calling on his friend. While there he learned that the authorities had little faith in his promise to appear against Metzinger, and talked of putting him under bond, but he was so earnest in telling them that he would come when subpoenaed that he was allowed to come home. He does not think much mercy will be shown Metzinger if he is convicted.

CAUSED SOME TALK.

The Bible in the School Question Was Discussed.

The publication of the views of the board of education regarding the Bible in the schools, was thoroughly discussed in the city last evening. It was said that the board had taken the action because they believed the people were not anxious to have the Bible read by the teachers, and that only the patriotic societies wanted it. As the members of these organizations do not make up the majority of the people, the board thought it was obeying the will of the greater number.

WILL CHANGE THE BILL.

Liverpool Sportsmen See Their Law in Print.

The bill which makes a few changes in the game laws of Ohio has been printed in Columbus by Representative Ashford, and a printed copy was sent to the parties in this city who prepared the measure. They continue to look upon it as right and just because it is what they want, but another bill was presented before this was well started, and some changes must be made in this measure before it can pass. From present indications the bill will become a law.

NO BIDDERS.

Farm Land Is Hard to Sell Just Now.

The John Foutts farm, situated almost four miles from the city, was put up at auction yesterday, and there was a knot of farmers present. For over three hours the auctioneer stood on the block and asked for bidders, but no one seemed to want it. When he found he could not sell it as a whole he offered it in halves, then in quarters, and finally as the purchaser wanted; but no one offered to bid a cent, and the sale was postponed until some other day.

Strengthened Governor McKinley.

The withdrawal of Benjamin Harrison from the presidential race was the subject of much comment in this place, and wherever discussed the opinion was openly expressed that Governor McKinley's cause was strengthened. There are people in town who watch every move in the presidential battle, and it is doubtful if the governor has more friends in any one place than he has in this city.

Wants Another Race.

Delaney, the skater, wants another go with Hale. He says he is willing to race him provided he will give half a mile in 10, and that chairs instead of flags will be used on the corners. The race, if arranged, must take place one week from Saturday night, the winner to take the gate receipts.

New Badges.

Badges have been received here for a foreman, assistant chief and four firemen in the department. They will be distributed at the next meeting. A badge of gold is being purchased for Doctor Taylor.

HAVE A RIGHT OF WAY

The Canton and East Liverpool Can Come to Town.

RIVER FRONT IS TAKEN UP

The Industrious Agents of the Company Have Been Gradually Taking Up Property Until All Is Secured Except the Metcch—It Was Quietly Done.

It is now known that the Canton and East Liverpool company have a deal of property along the river front, and it seems as though they can win in the war against the Cleveland and Pittsburgh.

The information comes direct, and there is no going beyond the fact that the company have secured a right of way between the plants situated on the river bank and the stream. The strip is not at all wide, but it is enough for all purposes, and is just what the company have been wanting. At one place the line comes close to that of the Pennsylvania, and in another it passes in the rear of a well known pottery, the owner declaring the company could have it only on the condition that it would never be sold to the Cleveland and Pittsburgh. The deal was closed the other day, and the sale is an assured fact. The Metcch property was the link wanted to complete the chain, but this could not be obtained. It is stated, however, that the deal with Mr. Metcch will have no effect on the road, for the want of his land will not shut the company out.

THREW IT OUT.

Judge Smith Thought the Evidence Useless.

Special to the NEWS REVIEW.

LISBON, Feb. 5.—The \$2,000 case of Adam Hum against the Pennsylvania company came to a sudden end last night when Judge Smith took it from the jury because the evidence did not make out a case.

The suit of Cynthia Bradshaw against J. C. Deldrick for \$440 was dismissed from the docket, and a settlement was affected in the case of Infirmary Director Filson against A. W. Taylor for \$400. A number of other cases were dismissed because of lack of prosecution or settlement. There were no Liverpool cases in the lot.

The report of the county commissioners was given to the court last evening, and Judge Smith appointed C. F. Speaker, A. W. Taylor and D. C. Nevin to report on it. It will be given to the public in a few days.

A BUSY DAY.

A Lisbon Man Had a Time of It Yesterday.

Special to the NEWS REVIEW.

LISBON, Feb. 5.—C. W. Hummer, of this place, was a busy man yesterday. He withdrew the \$15,000 damage suit he had entered against O. K. Taylor, of Salem, for the alienation of his wife's affections, and also killed the suit for divorce which he instituted against his wife some time ago. Not satisfied with these for a day's work he at once arranged to make an assignment, and did so this morning. He is a shoe merchant here, and the assignment was made to W. S. Potts.

May Go to Washington.

Winnie Mercer received a letter this morning from the manager of the Washington and Jefferson college baseball team asking his terms to act as coach for the college club until his engagement with the Washington club commences.

Dick Padden, who formerly played ball here but was recently signed by Pittsburgh, will play in Toronto, Can. He captured the Roanoke team last season.

Waiting For Them.

Charles Hutcheson and the man named Bradley who were implicated in the row on Broadway last Saturday night have not yet appeared to plead guilty or for sentence at the mayor's office. They were present the other day, and there was some talk of a consultation with an attorney, but the case has not yet been closed.

Will Sell the Organ.

The organ with a history which has been in the office of Squire Rose for several weeks will be sold next week. Constable Lyon and the squire still refuse to tell the story of the instrument, but it is evidently an amusing one, for they look at each other and smile when it is mentioned.

Taken to a Hospital.

Miss Betz, a teacher at the Fourth street school, was this morning taken to Canton where she will receive treatment at a hospital. The young lady is suffering with pneumonia, and is very ill.

EAST LIVERPOOL, O., WEDNESDAY, FEB. 5.

UNION LABEL

For President, WILLIAM MCKINLEY, Of Ohio.

Mr. BAYARD should come home. The eagle can never scream as loudly or Uncle Sam smile as broadly while he is in England.

Those writers who delight in telling us what a loving mother is the queen regent of Spain, stand in a bad light when the latest stories from Cuba are considered.

The Canton Repository prints a page of editorial opinions gathered from the newspapers of the country, and after reading, one can not doubt the popularity of Governor McKinley.

The war spirit is dying out in America, now that the British lion is wagging his tail instead of lashing his sides. It may be that our foreign cousins have learned a lesson or two.

AFTER the pugilistic tournament is over and Fitzsimmons is incapacitated or Maher has no claims to the championship, the people of Ohio might hire the victor to knock out a few of the fool bills recently introduced in the legislature.

THERE will be 12,000 seats at the St. Louis convention, which will be distributed by giving 3,000 to the city, 500 to the Grand Army, 500 to distinguished guests, five to each of the 918 delegates, and two to each alternate. The East Liverpool delegation will likely find seats with the second 500 mentioned.

REPEAL THE LAW.

What promises to be a beautiful battle from all points of view will take place in the legislature before the Morganthaler law is repealed, for certain of the statesmen have decided that it must be eliminated from the statutes and others supported by the people who make money from the enforcement of the law are equally certain that it will remain. The tax inquisitor has made many enemies in Ohio, and none are more powerful or persistent than the state board of commerce. Among its members are found the most prominent business men, and scattered as they are throughout the state their influence is mighty. They do not want the law. To them it is odious and from their standpoint it is unjust. Their organ, the Review, says of it: "The legitimate object of taxation is not to exploit or enforce moral principles, but to raise needed revenues; and one of the established doctrines of taxation is that the most satisfactory revenue laws are those that result in the collection of what is required at the least cost and with the minimum of friction and disturbance. Judged by that formula, the Morganthaler law is the worst law ever passed for purely revenue purposes, for the direct cost is enormous and out of all proportion to the amount raised while it has unsettled and disturbed investments, commerce, and industry in a marked degree." Columbiana county people who were called to Lisbon last fall will appreciate these words, and every business man compelled to "settle" will agree with the board of commerce to kill off this evil working law.

O. W. G. Hardman, sheriff of Tyler county, W. Va., appreciates a good thing and does not hesitate to say so. He was almost prostrated with a cold when he procured a bottle of Chamberlain's cough remedy. He says: "It gave me prompt relief. I find it to be an invaluable remedy for coughs and colds." LOCAL OPTION SPLIT.

Advocates Differ on How It Should Be Applied.

HARRIS BILL TO BE REPORTED.

A Decision to Return It to the House Without Recommendation—Mr. Avery Makes an Attack on Tom Johnson in the Senate.

COLUMBUS, Feb. 5.—The house committee on temperance has taken action on the Harris local option bill, deciding by a vote of 4 to 3 to report it back without recommendation. All were in favor of local option, but some of them wanted it confined to wards, townships and villages and not extend to counties and cities. Five members of the committee will vote for the bill on final passage.

Mr. Smith of Cuyahoga county has prepared a bill to amend libel laws. Mr. Bell of Madison has a bill to increase the salary of the state school commissioner from \$2,000 to \$3,000 per year.

The bill to repeal the law granting one-fifth of the stock of an incorporated company the right to declare the company insolvent was referred to the judiciary committee.

Mr. Spear's bill requiring that payment for repairing roads be made only on order of township trustees was passed.

In the senate Mr. Garfield's bill to prevent corruption in elections occupied most of the time. Mr. Avery declared he wanted the bill to take effect at once so as to prevent Tom L. Johnson of Cleveland being sent to congress.

The representatives of the various clubs placed a guarantee of \$500 to play out a five-months' season, and C. B. Power was elected president, secretary and treasurer. The league will apply for national protection under class A, and the salary limit will be placed at \$1,000. The directors will meet next month to arrange a schedule. The franchises were awarded as follows: A. A. Anderson, Youngstown; W. S. Wright, Wheeling; B. J. D. McKewen, Washington; J. L. McTate, New Castle; William Myers, Port Wayne; J. M. Gunnells, Toledo.

HOT IN KENTUCKY.

A Physical Fight Likely to Take Place in the Legislature.

FRANKFORT, Ky., Feb. 5.—There was a renewed interest in the balloting for senator today. Hunter's speech in the Republican caucus followed by the decision of the Republican majority in the Werner-Tompkins' committee to turn out Mr. Tompkins has angered Democrats. They now threaten to retaliate by ejecting four Republican senators. These say they will attend the joint session and run the risk of being recognized by Lieutenant Governor Worthington.

The Democrats, however, are laying plans to prevent them from getting inside, and there are people here who fear that the preliminaries to tomorrow's balloting will be a physical fight. There were 126 members present and voting. The ballot resulted: Hunter, 62; Blackburn, 55; scattering, 8.

LOS ANGELES, Feb. 5.—Mrs. Mary Holliday, a daughter of the late Allen G. Thurman of Ohio, wife of Edward T. Holliday, formerly a ball player, is one of the prominent figures in a sensational damage suit which is on trial in this city. The suit was brought by Mrs. Fannie L. Holliday, the defendant's sister-in-law, who seeks to recover \$25,000 for malicious arrest and false imprisonment.

It is charged that Mr. and Mrs. Holliday falsely and maliciously caused her arrest in August last, on the charge that she had threatened to destroy their personal property and had also threatened their lives. Upon this charge she was imprisoned for eight days, the proceedings against her being finally dismissed.

QUAY'S PLAN WON'T GO

Will Be Beaten to Kill the Tariff Bill.

SAME FREE SILVER SUBSTITUTE

Reported For the Tariff Bill as Was Substituted For the House Bond Bill. Republicans Made No Effort to Prevent It's Report in the Senate.

WASHINGTON, Feb. 5.—Although the report on the final vote on the silver substitute to the tariff bill is in a great deal of doubt, there seems to be a very general opinion that the resolution of Senator Quay will be defeated, as it is asserted that all the Democrats and all the Populists will vote against it. If this is true the motion cannot carry and the contest will come directly upon the substitute. Some sound money Democrats are inclined to support the Quay motion, but most of them take the position that they should vote against the motion as a means of killing the tariff bill.

Chairman Morrill made the report to the senate stating that a free silver amendment had taken the place of the original bill, and adding, amid laughter, the closing phrase of official procedure of Massachusetts, "and may God save the commonwealth." Mr. Quay made two attempts to have the bill recommitted to the committee with instructions to report back separate tariff and free silver bills, but was cut off by parliamentary objections. His resolution for recommitment will come up, under the rules, today.

The substitute was suggested by Senator Vest and was agreed to by a majority of one, Senator Jones of Nevada voting with the Democrats for the substitute, and all of the Republicans present voting against it. Senator Wolcott of Colorado was the only Republican absentee, and he was recorded as voting against the substitute. Senator Jones of Arkansas, the only Democratic member not present, was recorded as voting for it. The substitute agreed to is in the exact words of the silver substitute for the bond bill, which passed the senate on Saturday.

The meeting of the committee did not last to exceed half an hour, and was devoid of a special feature beyond the offering and adoption of the substitute. The Republicans brought up the tariff bill and expressed a desire to get it out of committee in some shape. When Mr. Vest proposed the silver substitute it was remarked that the senate had already been through one silver fight this session, and the opinion was expressed that another contest could avail little or nothing. When, however, the vote was taken and the result known, the Republicans made no effort to delay the report to the senate.

MAY JOIN A SILVER PARTY.

The National Farmers' Alliance in Session at Washington.

WASHINGTON, Feb. 5.—The National Farmers' Alliance and Industrial union is in session at the National hotel. Each state is entitled to from one to two delegates and nearly every state is fully represented.

While the sessions are conducted behind closed doors and the delegates are instructed to maintain secrecy, many of the delegates are known to favor joining forces in the coming election with an independent party made up of the silverites and the Populists. They say the farmers of the country should vote so as best to support the principles of the alliance with government issue of currency the "Keystone of the faith" and free silver next.

A Resolution Favorably Reported to the Senate From Committee.

WASHINGTON, Feb. 5.—Senator Hill, from the senate committee on judiciary, has reported from that committee a substitute for the resolution providing for a special committee to inquire into the imprisonment of Eugene V. Debs. The substitute directs the judiciary committee to make the investigation, but makes it general.

If she makes an attempt to get away from the Ramsey dock the seven Spanish detectives will have her seized.

The Spanish officers believe that an attempt will be made to get the Neptune out of the shipyards some dark night.

ALLISON IS THE MAN

For Michener, Who Was Harrison's Right Hand Man.

HARRISON MAY TAKE NOMINATION

If It Is Unanimous and the Good of the Party Demands It—John W. Foster Says the Letter Was Final. Hahn Is Jubilant.

WASHINGTON, Feb. 5.—General Harrison's letter of withdrawal from the presidential race, has given considerable impetus to political work about the capital. Friends of Reed, Morton, McKinley and Allison are encouraged by the letter.

Mr. Dingley of Maine, who is Speaker Reed's closest friend in the house was reluctant to say more about General Harrison's letter than it undoubtedly removed him from the field as a presidential factor.

Senator Hansbrough, who is a strong advocate of the nomination of Senator Davis, said he thought the withdrawal of General Harrison would benefit the Minnesota candidate very much.

Mr. Hepburn of Iowa said: "Harrison has always recognized the aid given him in 1888 by the immediate friends of Allison at a critical period of his candidacy. He has a high regard for the ability of the senator, as was evinced by the earnest demand he made that the senator should be a member of his cabinet as secretary of the treasury in 1889 and which demand would have been acceded to, but for the protest of the Republicans of Iowa, who were unwilling to lose him from the senate."

General L. T. Michener, well known as an old-time friend of General Harrison and one who had much to do with his nomination, said: "I do not know what Indiana will do, but I imagine that all the candidates will develop strength there, especially Mr. McKinley and Mr. Allison. The manufacturing centers will probably be disposed to support Mr. McKinley, while the other sections, I should think, would be very likely to go to Mr. Allison or Mr. Morton. It seems to me that Mr. Allison would naturally have considerable support from the state, not only as a matter of gratitude for the timely and efficient support which General Harrison received from the Allison men in the national convention of 1888, but also because his conceded abilities and known conservative characteristics and views would make him particularly satisfactory to those friends of General Harrison who are drawn to him because of his possession of the same qualities."

"No extremist or representative of extreme views has ever been elected president of the United States. The conservative and cautious voters of this country hold the balance of power and elect its presidents. To such people I believe the candidacy of Mr. Allison will be particularly agreeable, and I anticipate that

many of the old-time friends and supporters of General Harrison, in various parts of the country, will be found advocating the nomination of Mr. Allison."

When asked if there was any contingency in which Harrison might accept, General Michener said: "If it should appear that the nomination of General Harrison would be absolutely essential to party harmony or party success, or to the peace and prosperity of the country, I have no doubt that the friends of General Harrison would urge his nomination in the convention, and if nominated in such circumstances I don't see how he could decline. The duty to accept it would seem to be as apparent as was his duty to take the sword in defense of his country in 1862. He has never failed to respond to the call of public duty. At the same time I have not the slightest doubt that it is the earnest wish that the nomination should go elsewhere."

Hon. John W. Foster, who succeeded Mr. Blaine as secretary of state in President Harrison's cabinet, said he thought the ex-president's declination was final.

MCKINLEY'S ELECTION CERTAIN.

Hahn Thinks So and Wants an Early Convention in Ohio.

COLUMBUS, Feb. 5.—William M. Hahn, secretary of the Republican national committee says the declination of Harrison makes McKinley's nomination and election sure.

Warner Miller's Opinion.

NEW YORK, Feb. 5.—"The effect of General Harrison's action upon Governor Morton's prospects," said ex-Senator Miller, "can hardly be overestimated. He and the governor are friends, and have many friends in common. It seems to me that the general's followers should turn instinctively to the governor, now that their own leader has withdrawn from the field. At all events the Harrison letter will add new force and determination to the movement for Governor Morton's nomination."

EAST LIVERPOOL, O., WEDNESDAY, FEB. 5.

For President, WILLIAM MCKINLEY, Of Ohio.

Mr. BAYARD should come home. The eagle can never scream as loudly or Uncle Sam smile as broadly while he is in England.

Those writers who delight in telling us what a loving mother is the queen regent of Spain, stand in a bad light when the latest stories from Cuba are considered.

The Canton Repository prints a page of editorial opinions gathered from the newspapers of the country, and after reading, one can not doubt the popularity of Governor McKinley.

The war spirit is dying out in America, now that the British lion is wagging his tail instead of lashing his sides. It may be that our foreign cousins have learned a lesson or two.

AFTER the pugilistic tournament is over and Fitzsimmons is incapacitated or Maher has no claims to the championship, the people of Ohio might hire the victor to knock out a few of the fool bills recently introduced in the legislature.

THERE will be 12,000 seats at the St. Louis convention, which will be distributed by giving 3,000 to the city, 500 to the Grand Army, 500 to distinguished guests, five to each of the 918 delegates, and two to each alternate. The East Liverpool delegation will likely find seats with the second 500 mentioned.

REPEAL THE LAW.

What promises to be a beautiful battle from all points of view will take place in the legislature before the Morganthaler law is repealed, for certain of the statesmen have decided that it must be eliminated from the statutes and others supported by the people who make money from the enforcement of the law are equally certain that it will remain. The tax inquisitor has made many enemies in Ohio, and none are more powerful or persistent than the state board of commerce. Among its members are found the most prominent business men, and scattered as they are throughout the state their influence is mighty. They do not want the law. To them it is odious and from their standpoint it is unjust. Their organ, the review, says of it:

"The legitimate object of taxation is not to exploit or enforce moral principles, but to raise needed revenues; and one of the established doctrines of taxation is that the most satisfactory revenue laws are those that result in the collection of what is required at the least cost and with the minimum of friction and disturbance. Judged by that formula, the Morganthaler law is the worst law ever passed for purely revenue purposes, for the direct cost is enormous and out of all proportion to the amount raised while it has unsettled and disturbed investments, commerce, and industry in a marked degree."

Columbiana county people who were called to Lisbon last fall will appreciate these words, and every business man compelled to "settle" will agree with the board of commerce to kill off this evil working law.

O. W. G. Hardman, sheriff of Tyler county, W. Va., appreciates a good thing and does not hesitate to say so. He was almost prostrated with a cold when he procured a bottle of Chamberlain's cough remedy. He says: "It gave me prompt relief. I find it to be an invaluable remedy for coughs and colds." LOCAL OPTION SPLIT.

Advocates Differ on How It Should Be Applied.

HARRIS BILL TO BE REPORTED.

A Decision to Return It to the House Without Recommendation—Mr. Avery Makes an Attack on Tom Johnson in the Senate.

COLUMBUS, Feb. 5.—The house committee on temperance has taken action on the Harris local option bill, deciding by a vote of 4 to 3 to report it back without recommendation. All were in favor of local option, but some of them wanted it confined to wards, townships and villages and not extend to counties and cities. Five members of the committee will vote for the bill on final passage.

Mr. Smith of Cuyahoga county has prepared a bill to amend libel laws. Mr. Bell of Madison has a bill to increase the salary of the state school commissioner from \$2,000 to \$3,000 per year.

The bill to repeal the law granting one-fifth of the stock of an incorporated company the right to declare the company insolvent was referred to the judiciary committee.

Mr. Spear's bill requiring that payment for repairing roads be made only on order of township trustees was passed.

In the senate Mr. Garfield's bill to prevent corruption in elections occupied most of the time. Mr. Avery declared he wanted the bill to take effect at once so as to prevent Tom L. Johnson of Cleveland being sent to congress.

QUAY'S PLAN WON'T GO

Will Be Beaten to Kill the Tariff Bill.

SAME FREE SILVER SUBSTITUTE

Reported For the Tariff Bill as Was Substituted For the House Bond Bill. Republicans Made No Effort to Prevent Its Report in the Senate.

WASHINGTON, Feb. 5.—Although the result on the final vote on the silver substitute to the tariff bill is in a great deal of doubt, there seems to be a very general opinion that the resolution of Senator Quay will be defeated, as it is asserted that all the Democrats and all the Populists will vote against it. If this is true the motion cannot carry and the contest will come directly upon the substitute. Some sound money Democrats are inclined to support the Quay motion, but most of them take the position that they should vote against the motion as a means of killing the tariff bill.

Chairman Morrill made the report to the senate stating that a free silver amendment had taken the place of the original bill, and adding, amid laughter, the closing phrase of official procedure of Massachusetts, "and may God save the commonwealth." Mr. Quay made two attempts to have the bill recommitted to the committee with instructions to report back separate tariff and free silver bills, but was cut off by parliamentary objections. His resolution for recommitment will come up, under the rules, today.

The substitute was suggested by Senator Vest and was agreed to by a majority of one, Senator Jones of Nevada voting with the Democrats for the substitute, and all of the Republicans present voting against it. Senator Wolcott of Colorado was the only Republican absentee, and he was recorded as voting against the substitute. Senator Jones of Arkansas, the only Democratic member not present, was recorded as voting for it. The substitute agreed to is in the exact words of the silver substitute for the bond bill, which passed the senate on Saturday.

The meeting of the committee did not last to exceed half an hour, and was devoid of a special feature beyond the offering and adoption of the substitute. The Republicans brought up the tariff bill and expressed a desire to get it out of committee in some shape. When Mr. Vest proposed the silver substitute it was remarked that the senate had already been through one silver fight this session, and the opinion was expressed that another contest could avail little or nothing. When, however, the vote was taken and the result known, the Republicans made no effort to delay the report to the senate.

MAY JOIN A SILVER PARTY.

The National Farmers' Alliance in Session at Washington.

WASHINGTON, Feb. 5.—The National Farmers' Alliance and Industrial union is in session at the National hotel. Each state is entitled to from one to two delegates and nearly every state is fully represented.

While the sessions are conducted behind closed doors and the delegates are instructed to maintain secrecy, many of the delegates are known to favor joining forces in the coming election with the silverites and the Populists. They say the farmers of the country should vote so as best to support the principles of the alliance with government issue of currency the "Keystone of the faith" and free silver next.

ALLISON IS THE MAN

For Michener, Who Was Harrison's Right Hand Man.

HARRISON MAY TAKE NOMINATION

If It Is Unanimous and the Good of the Party Demands It—John W. Foster Says the Letter Was Final. Hahn Is Jubilant.

WASHINGTON, Feb. 5.—General Harrison's letter of withdrawal from the presidential race, has given considerable impetus to political work about the capitol. Friends of Reed, Morton, McKinley and Allison are encouraged by the letter.

Mr. Dingley of Maine, who is Speaker Reed's closest friend in the house was reluctant to say more about General Harrison's letter than it undoubtedly removed him from the field as a presidential factor.

Senator Hansbrough, who is a strong advocate of the nomination of Senator Davis, said he thought the withdrawal of General Harrison would benefit the Minnesota candidate very much.

Mr. Hepburn of Iowa said: "Harrison has always recognized the aid given him in 1888 by the immediate friends of Allison at a critical period of his candidacy. He has a high regard for the ability of the senator, as was evinced by the earnest demand he made that the senator should be a member of his cabinet as secretary of the treasury in 1889 and which demand would have been acceded to, but for the protest of the Republicans of Iowa, who were unwilling to lose him from the senate."

General L. T. Michener, well known as an old-time friend of General Harrison and one who had much to do with his nomination, said: "I do not know what Indiana will do, but I imagine that all the candidates will develop strength there, especially Mr. McKinley and Mr. Allison. The manufacturing centers will probably be disposed to support Mr. McKinley, while the other sections, I should think, would be very likely to go to Mr. Allison or Mr. Morton. It seems to me that Mr. Allison would naturally have considerable support from the state, not only as a matter of gratitude for the timely and efficient support which General Harrison received from the Allison men in the national convention of 1888, but also because his conceded abilities and known conservative characteristics and views would make him particularly satisfactory to those friends of General Harrison who were drawn to him because of his possession of the same qualities."

"No extremist or representative of extreme views has ever been elected president of the United States. The conservative and cautious voters of this country hold the balance of power and elect their presidents. To such people I believe the candidacy of Mr. Allison will be particularly agreeable, and I anticipate that

many of the old-time friends and supporters of General Harrison, in various parts of the country, will be found advocating the nomination of Mr. Allison."

When asked if there was any contingency in which Harrison might accept, General Michener said:

"If it should appear that the nomination of General Harrison would be absolutely essential to party harmony or party success, or to the peace and prosperity of the country, I have no doubt that the friends of General Harrison would urge his nomination in the convention, and if nominated in such circumstances I don't see how he could decline. At the same time I have not the slightest doubt that it is the earnest wish that the nomination should go elsewhere."

Hon. John W. Foster, who succeeded Mr. Blaine as secretary of state in President Harrison's cabinet, said he thought the ex-president's declination was final.

It has been much remarked in official circles here that since the rigorous action of the United States minister, Mr. Alexander W. Terrell, in behalf of the American missionaries, he alone is mentioned in the court circulars as a guest at the court dinners. The impression prevails in diplomatic circles here that the United States and Great Britain may eventually unite in order to save the Armenians. THE A. P. A. IGNORED. LOCAL BREVITIES.

Crockery buyers are not a novelty in the city these days. David Haskins has moved his family to this city from Bellaire.

David Smith, a crockery dealer of Allegheny, was in town today buying ware.

The Eastern Star will banquet this evening in their rooms in the Gold-ling building.

The Lotus club and their ladies danced in the rooms of the organization last night.

F. L. Williams, secretary of the Bridgewater Gas company, was here today on business from Rochester.

A new bottom has been placed in the melting furnace at the Boyce enameling works. It was a delicate operation.

The freight depot continued with a rush of casks this morning, the shipping platform being filled almost to overflowing.

Jack Brighthouse, who recently fell into a fortune in England, expects to leave on Feb. 21, when he will claim his inheritance.

The young ladies who are often entertained by the Chevalier club will tender them a leap year party one week from Friday night.

The father of Fred H. Bostwick, who is ill with heart trouble at Medina, is somewhat better, but Mr. Bostwick is still in that place.

Samuel Hanson left for Tiffin yesterday, where he will be employed in the pottery, and Ralph Woods and Alfred Harrison went out today. The last named are pressers.

Charles Smith, a former resident of this city who is now in the oil field about Midway, was in town yesterday on business. He has been making money in the oil country.

Profiting by the experience of Fourth street residents, Broadway people take in their door mats at night since sneak thieves have been operating in that part of town for several months.

A number of Wellsville Odd Fellows who attended the lodge meeting here on Monday night missed the last car and were entertained by Will A. Rhoades and George H. Owen until the midnight train arrived.

It is remarked about the freight depot that the population of the city is steadily increasing. Numerous families come every week, but it has been some time since a lot of household effects were shipped away.

A party of Italians crossed the river from Chester last night, and got gloriously drunk. They behaved themselves very well until they were being rowed across the river, when they broke out in the wildest hilarity.

The river is stationary today, and the flood seems to have reached its height. The Bedford went up last night and the Ruth passed down. The Alles passed with a tow of coal this morning but returned with a tow of empties before noon.

All the county candidates have been in town, and all have gone away expressing themselves pleased with the outlook. The field is now full, and they think there will be no more aspirants for positions. The miserable weather has done much toward showing them that seeking office in this county is a hard, hard task.

A number of people from towns along the river have gone to Cincinnati and will tomorrow leave on one of the Mississippi steamers for New Orleans, where they will see the Mardi Gras in all its glory. Wellsville and Steubenville are represented in the party, but there are no people from this city in the published list.

Superintendent Andrews, of the street railway company, will meet the Wellsville council on Saturday, when it will be decided whether the loop can be built. He believes council will give them the right of way, and if done work will be commenced as soon as the weather will allow. The old turntable is useless, and the loop is a necessity.

A little girl who, from appearances, knew next to nothing of the art tonorial, wandered into a Fourth street barber shop last night, and gazed in wonder at what she saw. At length she was attracted to a chair where the barber was about to complete the task of making a customer look pretty. Gazing at the sight with undisguised amazement, she electrified the audience by exclaiming, "Say, mister, don't you know how to comb your own hair?"

Bud Whiting wanted a dozen loaves of bread the other day and calling a ragged specimen of the small boy usually found on Second street, gave him the required amount of money. The boy spent the coin for himself and returning to the restaurant opened the door wide enough to admit his dirty face, telling Whiting to go to the Ohio valley. Whiting pursued the youth with blood in his eye, but the youngster got lost in the halls of the old opera house and could not be found.

Save You Money.

We feel kind of lonesome since Christmas. We had gotten used to the scramble and hustle of the holiday times, and the after-quiet makes us feel as if we had been dumped in the middle of a prairie. Rent and a hundred other expenses go on just as before, and as we can't make money anyway, we might as well lose it with a crowd as in solitude. So here goes prices to make things hum at our store in the Diamond. Come in and look through our superb stock of Overcoats, pick out one to suit you, and deduct one-fourth off the price. For example, if a coat is marked \$16 take it along at \$12; or if marked at \$8 take it along at \$6. In our suit and pants department we will make you reductions that will open your eyes. Come at once as our stock must be reduced.

AVONDALE'S NEW PATH

Citizens Will Have It Made at
Once.

THE AWFUL MUD COMPELLED IT
People Could Not Come Down Town
Without Danger of Being Stuck in the
Mud—Mr. Bradshaw Talks About the
Improvement.

Avondale street people have suffered to the extent of their ability because of the mud, and will soon have a cinder path doing duty as a pavement until council provides for something better.

The board walk built at the lower part of the street has proven such a blessing that several leading citizens agreed to subscribe to a fund for the construction of a cinder path the entire length of the street, provided other interested parties would join the movement. They joined, and the path will be started at once. The movement would have been inaugurated several months ago, but there has been a lurking suspicion that council would do something. Now that the city has manifested a disposition to lay Avondale over until next spring, the people have taken hold and will push it. The mud in that part of the city must be seen to be appreciated. It is deep and it is sticky. People who walk down the street present the appearance of farmers as they walk through the Diamond, and some women will not venture far from their doors. They are afraid they will stick. The wagon of Robert Boyd stuck to Avondale yesterday, and much difficulty was encountered before it was released. There are other instances of the same kind.

ANYTHING TO HELP.
T. R. Bradshaw Has a Word on Avondale.

When questioned today if he would oppose the improvement of Avondale street next summer, T. R. Bradshaw said:

"I am always in favor of anything that will help the advancement of the city, and I know the other members of the family who own property here feel the same way. I was not at the meeting when the paving of Avondale street was talked, because I did not know it was to have been held. Neither did I receive official notice of the improvement. It was thrown on the porch and blew away. The law says it must be placed in the hands of the property owner. I am willing to do anything in reason for the advancement and improvement of the city."

IN REPLY.
More About the Bible in the Public Schools.

EDITOR NEWS REVIEW.—In last evening's issue appeared an article in regard to the Bible and the schools. The impression would naturally go forth from the tone of the article that the board was asked to make Bible reading compulsory on the part of the teachers. But the societies in question did not make such a demand. They asked the board to request the teachers to do so (not compel).

The reply to the request of said societies, as published, was word for word as received by the union meeting. But why did your informant not publish the petition word for word as the board received it? How are the people to judge as to the merit of reply without knowing anything about what was contained in the petition?

In regard to the union meeting accepting the well and carefully worded communication from the board of education. They did not such a thing nor did they so inform the board. They informed them that the communication was received and filed, and it is a pity they did not add the words, for future reference, for it is a sure thing that it will be used for future reference and that with telling results. As to the committee sending personal letters to the teachers, they did it by direction of the some union meeting that received and filed the school board's reply. And while they believe the Holy Bible should be in every school room in the land, and they mean to put it there in time, they all as members of patriotic societies believe in America for Americans native and naturalized, and they are satisfied with such books as are commonly used in America. And why should the Holy Bible be excluded from our schools to make room for such books as our worthy board say that they are going to introduce in the future? All honor to the woman who stood out for what she believed to be right and refused to sign the document notwithstanding the efforts of the president of the board to make it unanimous.

MORE ANON.
All the documents in the case were given out by the school board yesterday, but for lack of space the News Review was compelled to give the substance of the petition. Copies of the document are on file in this office.—Editor.

PERSONAL MENTION.

—T. J. Barnes is in Pittsburgh this afternoon.

—Patrick Foley and daughter, Miss Kate, Miss Lizzie Foley, William Foley and wife, J. D. Husman and wife, all of Pittsburgh, were in town today attending the Fisher-Farrell wedding.

The Play.

Another large house greeted Clifton & Middleton's company at the Grand last night, and no one was disappointed. The play, "The Bowery Boy," was well acted. Miss Agnot in the title role displayed excellent talent, while Miss Foreste, as the baroness, was the hit of the evening. While the special scenery was not up to expectations, the neat acting of the entire cast fully made up for the disappointment. The music, as on Monday night, was well rendered, and a special program has been arranged for tonight, including the old but ever popular selection, "A Day With a Circus." The play tonight is "Libby Prison," their leading production.

Lecture Lecture!

General Gordon's famous lecture, "The Last Days of the Confederacy," will be given on Friday evening, Feb. 7, at the First U. P. church, for the benefit of the choir of that church. This lecture, which has been given before many of the G. A. R. posts throughout the north, is highly recommended. A few tickets left on sale at Crosser & Ogilvie's store.

Locked Up in Wellsville.

The young men locked up ever Sunday for train jumping, noted in yesterday's issue, were given their liberty last evening. They appeared to be honest in their statements that they were coming to East Liverpool for work, as a letter addressed to one of them at that place contained sufficient money to pay their fines.—Wellsville Union.

Will Have a Banquet.

Liberty and Favorite tents, Rechabites, will banquet one week from Thursday evening in their hall in the Thompson building. The lady members will be allowed to bring their husbands and the gentlemen members can bring their wives.

Bought the Furniture.

Sheriff Gill yesterday sold to Terry Carmen the furniture in the Coulson saloon and that in the Sullivan place to Nic Murray. Rit Meanor bought the outfit at the old Hughes place on Fourth street. There was no liquor in any of the saloons.

Improving the Road.

The force of Commissioner Welsh were at work in California Hollow today making some needed improvements in the road. They opened up the gutter, and allowed some of the water in the roadway to get out.

Married This Morning.

Mr. Lou Satto, of Wellsville, and Miss Katherine McGuire, of this city, were married this morning by Father Halligan at the Immaculate Conception church, Wellsville, in the presence of a large number of friends.

The Ideals Next Week.

The Webber Ideals, who are well known in the city, will play at the Grand all of next week. J. A. Williams, the advance agent, was here today arranging for the appearance of the combination.

A Des Moines woman who has been troubled with frequent colds, concluded to try an old remedy in a new way, and accordingly took a tablespoonful (four times the usual dose) of Chamberlain's Cough Remedy just before going to bed. The next morning she found that her cold had almost entirely disappeared. During the day she took a few doses of the remedy (one teaspoonful at a time) and at night again took a tablespoonful before going to bed, and on the following morning awoke free from all symptoms of the cold. Since then she has, on several occasions, used this remedy in like manner, with the same good results, and is much elated over her discovery of so quick a way of curing a cold. For sale by A. H. Bulger, druggist.

A Pleasant Social.

A pleasant social was conducted by the young people of the First U. P. church at the residence of William Taylor on Thompson hill last night. The attendance was unusually good.

Mrs. Emily Thorne, who resides at Toledo, Washington, says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's pain balm, and that she has also used it for lame back with great success. For sale by A. H. Bulger, druggist.

Initiated Five.

The stationary engineers continue to swell their ranks, and last night initiated five new members. The order is growing faster than any in the city.

Dancing in Bradshaw Hall.

At Professor Evans' dancing school (Thursday evening) from 7 to 8 will be devoted exclusively to beginners. Teaching to waltz our specialty.

EX-GOV. HOADLEY DECLINES.

He Says the Anneke Jans Heirs Have No Claim.

CLEVELAND, Feb. 5.—Three hundred claimants to shares in the famed Anneke Jans estate, to which they claim 192 acres in the heart of New York city belonging, has met in Cleveland, representing associations of the so-called heirs in Ohio, Pennsylvania and other states, Holland and Italy. Their idea is to form one great international corporation to fight the property, which is worth many million dollars. Their chief opponent is the corporation of Trinity church, New York.

Not much was done but to elect L. A. Guerina of Terre Haute, Ind., chairman and discuss the situation in an informal way. An effort has been made to secure the legal services of ex-Governor George Hoadley of New York, but he refused to accept the case on the ground that there was no merit in the claim.

Columbian Soldiers Arrive.

NEW YORK, Feb. 5.—On board the Columbia line steamer Finance, which arrived from Colon, was General C. M. Sarria of the Colombian army, and Senior J. A. Arango, Jr. Their mission is believed to be secret. One report is that they were coming to visit Nixon's shipyard, where a war vessel is being built for the Colombian government.

Reform in Denver.

DENVER, Feb. 5.—Governor McIntyre has determined upon a complete reorganization of the Denver fire and police departments with a view to putting a stop to gambling and kindred evils in the city. Prominent officials have resigned.

Schlatter May Have Perished.

SANTA FE, N. M., Feb. 5.—Francis Schlatter, the healer, has not been heard of for the last two weeks. He was last seen going to the Mogollon mining district. It is possible that he has perished in the snow.

Newspaper Proprietor Dies Suddenly.

YOU.

The chief want in life is somebody who shall make us do the best we can.—Emerson.
A flash! You came into my life,
And, lo, down the years,
Rainbows of promise stretched across
The sky grown gray with tears;
By day you were my sun of gold,
By night, my silver moon,
I could not from the Father's hands
Have asked a greater boon.

Life's turbid stream grew calm and clear,
The cold winds sank to rest,
Hand clasped with you, no bitter pain
Found dwelling in my breast;
I did not dread life's care and toil,
Your love dispelled all gloom,
And now on graves of buried hopes
The sweetest violets bloom.

My every breath and every thought
Were pure because of you,
I had not dreamed that heaven could be
So close to mortal view;
My hands and feet were swift to do
The good that near them lay,
And in my heart throughout the year
The joy bird sang each day.

A flash! You passed out of my life—
No, no! Your spirit still
Is sun and moon and guiding star
Through every cloud and ill;
As down the rainbow years I go
You still are at my side,
And some day I shall stand with you
Among the glorified.

ENFORCEMENT OF THE LAW.

General Harrison Advocates Town Meetings Once or Twice a Year.

Ex-President Harrison, in a series of articles on "This Country of Ours" in The Ladies' Home Journal, writes vigorously of the great necessity of the people insisting upon the strict enforcement of the laws. Directly upon this point he says: "We need general assemblies of the people in the smaller civil subdivisions, to be held regularly once or twice a year, town meetings in which two questions only shall be considered: First, are the public officers faithfully and honestly transacting the public business? Second, are the laws—not this law nor that, but all laws—enforced and obeyed? All questions of law reform should be excluded, left to parties or societies organized to promote them. The enforcement of the law, whether we opposed or aided the making of it; the strict accountability of public officers, whether we opposed or aided their election, should be the objects and the limits of these meetings. There should be no distinction of persons.

"Our law and order movements are too apt to be confined to what we, not too accurately, call influential people. Every man and woman ought to have a chance to choose his side, without regard to station or wealth or race or color. There will be none too many. In some such movements it has seemed to me that many have been assigned to the wrong side who would have chosen the right. There is danger that such may accept the place they would not have chosen. Can any working plan be devised to maintain from day to day an effective watchful interest among the body of our citizens in the enforcement of the laws, and in a clean, honest administration of public affairs—small and great? Or are we to accept the humiliating conclusion that bad things cannot be made good, or even better, until they come to be persistently and utterly bad; or still worse, that when the river of popular indignation has cleaned the stable it is only to leave us without a supply of water for daily sanitation?"

Restitution by an Earthquake.

"It's an ill wind that blows nobody good" is a well known axiom which was verified once in a somewhat peculiar manner in the Philippine Islands.

About 14 years ago the first class iron vessel Rhodie, of 1,600 tons register, was scuttled in Manila bay, having caught fire when on the point of sailing with a full and valuable cargo of hemp, pearl, shell, gum copal, bar copper and other merchandise.

During the earthquake many months later she was thrown up by a tidal wave from where she lay in 12 fathoms of water to close inshore in two or three fathoms and was then purchased by an enterprising diving and salvage company just started in Singapore for the trifling sum of \$14, when it transpired that her cargo had not suffered from her long submersion and was valued at about \$80,000.—Pearson's Weekly.

The Ticking of the Clock.
"The ticking of a clock," says Mr. Bugleby, "is a sound so familiar that we take no thought of it till it ceases. Here are two or three of us sitting together talking. Suddenly we become dimly conscious that there is something missing; a moment later some one says, 'The clock has stopped.' Then we all listen. What a roomful of silence! How we wind the clock and set it going. How pleasant it is to hear it again, and how loud and plain it sounds at first, but soon it sinks to its accustomed note, and with normal conditions thus restored we resume our conversation."—New York Sun.

Her Invitation.
Fair Hostess—Now, Mr. Borem, you must spend one more evening with us before we go into our new house.
Mr. Borem (graciously)—Most certainly, with pleasure. When do you move?

Fair Hostess (doubtfully)—Pa is uncertain just when that will be, but not for a year or two at the least.—Pick Me Up.

After the Trail.
Rankin—In my opinion the judge's charge to the jury was outrageous.
Fyle—It wasn't half as bad as the bailiff's. He charged them \$1 a meal.—Chicago Tribune.

The temperature of the earth advances one degree for every 51 feet of descent. It is supposed that at a distance of 80 miles below the surface metals and rocks are at white heat.

We feel kind of lonesome since Christmas. We had gotten used to the scramble and hustle of the holiday times, and the after-quiet makes us feel as if we had been dumped in the middle of a prairie. Rent and a hundred other expenses go on just as before, and as we can't make money anyway, we might as well lose it with a crowd as in solitude. So here goes prices to make things hum at our store in the Diamond. Come in and look through our superb stock of Overcoats, pick out one to suit you, and deduct one-fourth off the price. For example, if a coat is marked \$16 take it along at \$12; or if marked at \$8 take it along at \$6. In our suit and pants department we will make you reductions that will open your eyes. AVONDALE'S NEW PATH

Citizens Will Have It Made at Once.

THE AWFUL MUD COMPELLED IT

People Could Not Come Down Town Without Danger of Being Stuck in the Mud—Mr. Bradshaw Talks About the Improvement.

Avondale street people have suffered to the extent of their ability because of the mud, and will soon have a cinder path doing duty as a pavement until council provides for something better. The board walk built at the lower part of the street has proven such a blessing that several leading citizens agreed to subscribe to a fund for the construction of a cinder path the entire length of the street, provided other interested parties would join the movement. They joined, and the path will be started at once. The movement would have been inaugurated several months ago, but there has been a lurking suspicion that council would do something. Now that the city has manifested a disposition to lay Avondale over until next spring, the people have taken hold and will push it. The mud in that part of the city must be seen to be appreciated. It is deep and it is sticky. People who walk down the street present the appearance of farmers as they walk through the Diamond, and some women will not venture far from their doors. They are afraid they will stick. The wagon of Robert Boyd stuck in Avondale yesterday, and much difficulty was encountered before it was released. There are other instances of the same kind.

ANYTHING TO HELP.

T. R. Bradshaw Has a Word on Avondale.

When questioned today if he would oppose the improvement of Avondale street next summer, T. R. Bradshaw said: "I am always in favor of anything that will help the advancement of the city, and I know the other members of the family who own property here feel the same way. I was not at the meeting when the paving of Avondale street was talked, because I did not know it was to have been held. Neither did I receive official notice of the improvement. It was thrown on the porch and blew away. The law says it must be placed in the hands of the property owner. I am willing to do anything in reason for the advancement and improvement of the city."

IN REPLY.

More About the Bible in the Public Schools.

EDITOR NEWS REVIEW.—In last evening's issue appeared an article in regard to the Bible and the schools. The impression would naturally go forth from the tone of the article that the board was asked to make Bible reading compulsory on the part of the teachers. But the societies in question did not make such a demand. They asked the board to request the teachers to do so (not compel). The reply to the request of said societies, as published, was word for word as received by the union meeting. But why did your informant not publish the petition word for word as the board received it? How are the people to judge as to the merit of reply without knowing anything about what was contained in the petition?

In regard to the union meeting accepting the well and carefully worded communication from the board of education. They did no such thing nor did they so inform the board. They informed them that the communication was received and filed, and it is a pity they did not add the words, for future reference, for it is a sure thing that it will be used for future reference and that with telling results. As to the committee sending personal letters to the teachers, they did it by direction of the some union meeting that received and filed the school board's reply. And while they believe the Holy Bible should be in every school room in the land, and they mean to put it there in time, they all as members of patriotic societies believe in America for Americans native and naturalized, and they are satisfied with such books as are commonly used in America. And why should the Holy Bible be excluded from our schools to make room for such books as our worthy board say that they are going to introduce in the future? All honor to the woman who stood out for what she believed to be right and refused to sign the document notwithstanding the efforts of the president of the board to make it unanimous. MORE ANON. All the documents in the case were given out by the school board yesterday, but for lack of space the News Review was compelled to give the substance of the petition. Copies of the document are on file in this office.—EDITOR.

A Des Moines woman who has been troubled with frequent colds, concluded to try an old remedy in a new way, and accordingly took a tablespoonful (four times the usual dose) of Chamberlain's Cough Remedy just before going to bed. The next morning she found that her cold had almost entirely disappeared. During the day she took a few doses of the remedy (one teaspoonful at a time) and at night again took a tablespoonful before going to bed, and on the following morning awoke free from all symptoms of the cold. Since then she has, on several occasions, used this remedy in like manner, with the same good results, and is much elated over her discovery of so quick a way of curing a cold. For sale by A. H. EX-GOV. HOADLEY DECLINES. He Says the Anneke Jans Heirs Have No Claim. CLEVELAND, Feb. 5.—Three hundred claimants to shares in the famed Anneke Jans estate, to which they claim 192 acres in the heart of New York city belong, has met in Cleveland, representing associations of the so-called heirs in Ohio, Pennsylvania and other states, Holland and Italy. Their idea is to form one great international corporation to fight the property, which is worth many million dollars. Their chief opponent is the corporation of Trinity church, New York. Not much was done but to elect L. A. Guerin of Terre Haute, Ind., chairman and discuss the situation in an informal way. An effort has been made to secure the legal services of ex-Governor George Hoadley of New York, but he refused to accept the case on the ground that there was no merit in the claim.

Columbian Soldiers Arrive. NEW YORK, Feb. 5.—On board the Columbia line steamer Finance, which arrived from Colon, was General C. M. Sarria of the Colombian army, and Senator J. A. Arango, Jr. Their mission is believed to be secret. One report is that they were coming to visit Nixon's shipyard, where a war vessel is being built for the Colombian government.

Reform in Denver. DENVER, Feb. 5.—Governor McIntyre has determined upon a complete reorganization of the Denver fire and police departments, with a view to putting a stop to gambling and kindred evils in the city. Prominent officials have resigned.

Schlatter May Have Perished. SANTA FE, N. M., Feb. 5.—Francis Schlatter, the healer, has not been heard of for the last two weeks. He was last seen going to the Mogollon mining district. It is possible that he has perished in the snow.

Newspaper Proprietor Dies Suddenly. NEW ORLEANS, Feb. 5.—Mr. George Nicholson, one of the proprietors of The Picayune, has died suddenly.

YOU. The chief want in life is somebody who shall make us do the best we can.—Emerson. A flash! You came into my life, And, in, adown the years, Rainbows of promise stretched across The sky grown gray with tears; By day you were my sun of gold, By night, my silver moon, I could not from the Father's hands Have asked a greater boon. Life's turbid stream grew calm and clear, The cold winds sank to rest, Hand clasped with you, no bitter pain Found dwelling in my breast; I did not dread life's care and toll, Your love dispelled all gloom, And now on graves of buried hopes The sweetest violets bloom. My every breath and every thought Were pure because of you, I had not dreamed that heaven could be So close to mortal view; My hands and feet were swift to do The good that near them lay, And in my heart throughout the year The joy bird sang each day. A flash! You passed out of my life—No, no! Your spirit still Is sun and moon and guiding star Through every cloud and ill; As down the rainbow years I go You still are at my side, And some day I shall stand with you Among the glorified. —Clarence Urmy in Youth's Companion.

ENFORCEMENT OF THE LAW.

General Harrison Advocates Town Meetings Once or Twice a Year.

Ex-President Harrison, in a series of articles on "This Country of Ours" in the Ladies' Home Journal, writes vigorously of the great necessity of the people insisting upon the strict enforcement of the laws. Directly upon this point he says: "We need general assemblies of the people in the smaller civil subdivisions, to be held regularly once or twice a year, town meetings in which two questions only shall be considered: First, are the public officers faithfully and honestly transacting the public business? Second, are the laws—not this law nor that, but all laws—enforced and obeyed? All questions of law reform should be excluded, left to parties or societies organized to promote them. The enforcement of the law, whether we opposed or aided the making of it; the strict accountability of public officers, whether we opposed or aided their election, should be the objects and the limits of these meetings. There should be no distinction of persons. "Our law and order movements are too apt to be confined to what we, not too accurately, call influential people. Every man and woman ought to have a chance to choose his side, without regard to station or wealth or race or color. There will be none too many. In some such movements it has seemed to me that many have been assigned to the wrong side who would have chosen the right. There is danger that such may accept the place they would not have chosen. Can any working plan be devised to maintain from day to day an effective watchful interest among the body of our citizens in the enforcement of the laws, and in a clean, honest administration of public affairs—small and great? Or are we to accept the humiliating conclusion that bad things cannot be made good, or even better, until they come to be persistently and utterly bad; or still worse, that when the river of popular indignation has cleaned the stable it is only to leave us without a supply of water for daily sanitation?"

Restitution by an Earthquake. "It's an ill wind that blows nobody good" is a well known axiom which was verified once in a somewhat peculiar manner in the Philippine Islands. About 14 years ago the first class iron vessel Rhodius, of 1,600 tons register, was scuttled in Manila bay, having caught fire when on the point of sailing with a full and valuable cargo of hemp, pearl, shell, gum copal, bar copper and other merchandise. During the earthquake many months later she was thrown up by a tidal wave from where she lay in 12 fathoms of water to close inshore in two or three fathoms and was then purchased by an enterprising diving and salvage company just started in Singapore for the trifling sum of \$14, when it transpired that her cargo had not suffered from her long submersion and was valued at about \$60,000.—Pearson's Weekly.

The Ticking of the Clock. "The ticking of a clock," says Mr. Bugleby, "is a sound so familiar that we take no thought of it till it ceases. Here are two or three of us sitting together talking. Suddenly we become dimly conscious that there is something missing; a moment later some one says, 'The clock has stopped.' Then we all listen. What a roomful of silence! Then we wind the clock and set it going. How pleasant it is to hear it again, and how loud and plain it sounds at first, but soon it sinks to its accustomed note, and with normal conditions thus restored we resume our conversation."—New York Sun.

Her Invitation. Fair Hostess—Now, Mr. Borem, you must spend one more evening with us before we go into our new house. Mr. Borem (graciously)—Most certainly, with pleasure. When do you move? Fair Hostess (doubtfully)—Pa is uncertain just when that will be, but not for a year or two at the least.—Pick Me Up.

After the Trail. Rankin—In my opinion the judge's charge to the jury was outrageous. Fyle—It wasn't half as bad as the bailiff's. He charged them \$1 a meal.—Chicago Tribune.

The temperature of the earth advances one degree for every 51 feet of descent. It is supposed that at a distance of 80 miles below the surface metals and rocks are at white heat. THE REVIVAL NOW ON

A Splendid Audience Greeted
Evangelist Schiverea.

THE OUTLOOK IS ENCOURAGING

Personal Appearance and Manner of the
Man Who, Under Providence, is Ex-
pected to Accomplish Great Good in the
City of East Liverpool.

At 7:30 last night, at the rink, the
meetings opened with the rendition
of No. 120, "The Lily of the Valley,"
in the presence of a grand audience.
Reverend Whitehead acting as the
leader of the choir. Several selections
of popular gospel songs followed, the
audience joining in with a zest, under
the encouraging persuasion of the
earnest pastor of the Methodist
Protestant church, who would not be
refused in his plea that all should
"Scatter Seeds of Sunshine" by sing-
ing heartily, and responding with
pleasant smiles to the invitation to
work in the Master's vineyard.

Messrs. Moore and Shaw were then
called upon and responded in short
prayers, asking for God's blessing upon
the evangelistic meetings.

At 10 minutes of 8, contrary to ex-
pectations, it was found necessary to
open up the entrance to the galleries,
such was the rush to obtain admis-
sion to the services.

At five minutes of eight the evan-
gelist stepped upon the platform.
Here he is: Five feet eight inches in
height; weight, about 200 pounds.
Earliest, quiet manner, as if realizing
the awful responsibility God has
placed upon him. Good forehead and
a face which wins from the start with
the people. Mark the prophecy—in
the hands of our God, Evangelist
Schiverea will accomplish great good
for the city of East Liverpool and her
people. Schiverea resembles McKin-
ley.

Short scripture reading by Rev. J.
C. Taggart, accompanied by earnest
exhortation for absolutely good order
and attention to God's work in this
city, and then again the rink rang to
the echo with gospel songs. Rev.
John Lloyd Lee delivered an earnest,
eloquent prayer, asking for the Mas-
ter's blessing upon the people and upon
the evangelist, as he commenced his
work in the vineyard of the Lord.

"The Bird With the Broken Pin-
ion," was rendered by a quartet, to the
organ accompaniment of Miss Hatlie
Watkins, and then came a selection
which made the rink resound, every-
body seeming to know the piece,
"Jesus Saves." Then Schiverea took
coarse, and the wonderful magnetism
of the man came at once to the sur-
face, the people responding to his
pleasing and kindly coaxing that they
should sing for Jesus, men and women,
young and old, being pointed out for
not taking part, no one taking offense,
for the man's heart was speaking out
of his eyes, and the onlookers caught
the inspiration of his deep earnest-
ness. Mark these words: "The rink
will not accommodate the people be-
fore these meetings end."

The speaker took as his subject for
the evening, "Wilt thou not, oh God,
revive us again," from the eighty fifth
psalm, and then branched out in the
argument that revivals are an actual,
living necessity. The mother prays
for the revival of her child's health.
Politicians find the need of an earnest
revival in political campaigns. The
farmer needs the grand revival of the
spring time. The business man must
have revivals of business. Yes, re-
vivals are an absolute necessity. And
why not a revival of the religion of
the Lord and Savior, Jesus Christ?
Why not showers of blessings, which
our God stands ready to give to hu-
manity? Revivals are necessary in
order to stop the awful progress of sin
and depravity. Law cannot stop the
commission of evil. Politicians cannot
stay its blighting influence. There is
but one medium—the hand of God;
the religion of Jesus.

I deeply sympathize with you over
the disgrace which has come to your
city and to your beautiful valley in the
barring of the Bible from the public
schools. Miss Jessop was told that
she must cease reading the Bible to
the scholars under her charge, or ac-
cept the alternative of losing her place—
her means of obtaining a living. She
compromised the matter with her
conscience, and for the past week she
has been suffering intense agony
in consequence. And now, thank
God, she has won the victory, and has
determined to read the Bible to her
pupils, even if she loses her position.
I pray God that the time may soon
come when these school directors of
East Liverpool may lose their places.
Who placed these directors in power?
Did not the people—the voters? God
bless the voters of East Liverpool—
those who will vote against infidelity
and agnosticism. God save our blessed

land, or we will soon be like unto mis-
erable, unfortunate France. Take
the Bible from your land, from your
public schools, and you have not the
shadow of a foundation for good gov-
ernment to rest upon; nothing upon
which to establish good morals, clean
life, social purity, happiness in the
home circle. Oh, how you need a
revival in this city at the present
time. In the first five thousand years
after Adam there were no revivals of
note; and then came revival influ-
ences, and the world grew better.
Look at grand old Luther; he could
not rest easy under the burden of sin,
iniquity and false teachings which
surrounded him on every hand, and
he pleaded mightily with God for a
revival, and God answered his prayer
with mighty power.

See brave and grand John Knox
sorrowing over sin in his beloved Scot-
land, until he cried out in the agony
of prayer, "I want Scotland, or I'll
die." The loving, prayer-answering
God gave John Knox, the eminent
Presbyterian divine, the desire of his
heart, and Scotland was saved to the
Master, under the influence of a won-
derful revival of religion.

Look at the Wesley brothers in
England, when that great nation was
groaning under the influence of
formalism and ritualism. The Wes-
leys cried out mightily to God in
prayer, and God gave England to the
influence of a wonderful revival. The
church of England looks back to the
Pentecost; doing this, they must ad-
mit the great power of revivals. Even
the Catholic church, thinking of
Pentecost, must admit that their
great church was born under the influ-
ence of a revival.

You must cleanse East Liverpool
through the power of God—through a
revival of religion in your hearts and
lives. Why must you do this? Be-
cause Schiverea says so? Ah, no, my
friend—because God says so. He de-
mands it.

Look at your churches. The un-
converted members must be saved or
driven out. They cannot stand in
the way of God. When the Master
makes His power felt—His presence
known, then men must become con-
verted or flee away from the divine
influence.

God can and will save to the utter-
most. Think of this. Why, only last
night God came in mighty power and
converted a man some 75 years of age;
a man who rarely thought of sacred
matters. Our God is a wonderful
God. Wonderful in loving kindness
and in mercy towards fallen hu-
manity.

Do you doubt the power of revivals?
Do you dare stand in their way? Why,
men and women of East Liverpool,
eighty out of every one hundred souls
saved, are saved through the influence
and power of revival work.

Take myself. I was preparing for
the stage. It was to be my life work.
I had no use for the church of God, no
use for the bible; no use for the gos-
pel. D. L. Moody, the revivalist,
came along—came to Brooklyn and
opened up in the rink. Four
nights previously, I was making
preparations for my life upon the
stage. Someone said "Let's go hear
Moody and Sankey." The query came:
"Who are they? What do they want?"
What gospel is this they are preach-
ing? But I went to hear Moody, and
took a back seat in an audience of
over 7,000 people. Then Sankey sang
to us in his wonderful voice. I was
touched, despite myself, for I am very
susceptible to the power of song. Then
Moody followed with his Bible read-
ings, showing the blessed book to be
the greatest power on earth in the
salvation of immortal souls. I was
christened a Roman Catholic. Moody
pointed me to Jesus, and directed me
to the foot of the cross, to the mercy
seat; a passport to heaven; a passport
to the presence of our God. I was
amazed. It was a revelation
to me; it was wonderful in its mean-
ing and power. I was led to think,
to study over the matter, to pray. In
a few nights I was on my knees, and
God, for Christ's sake, pardoned my
sins. I was saved in the year 1876,
twenty years ago, and for seventeen
years I have been traveling about the
world, in this and foreign countries,
telling the story of Jesus and His
love; telling of the beauties and power
contained in the book of inspiration,
the holy Bible—God's word. Take it
away from me? Never! I would be
blind and could not see. I would be
like the mariner without chart or
compass. It must be read in the pub-
lic schools. It must lead the people.
It is a most wonderful educator.

Sometimes God permits suffering to
come upon a people for their good.
You may be made to suffer awfully,
in order that you may realize your true
situation, and be compelled to cry out
for mercy. What does all this talk
about war mean? Why are prepara-
tions being made for bloodshed and
aggression? God save our blessed

THE BOARD OF EDUCATION MEET

A Communication Received Which
States that She Cannot Conform With
the Board's Orders—Petitions Laid
Over.

The board of education met last
night, with all members present ex-
cept Owen.

The meeting was called for the pur-
pose of transacting business that was
laid over from last Monday night.
The proposition of the Smead discus-
sion was read, and after some discus-
sion on the subject, Members Nellis
and Golding were appointed a com-
mittee to correspond with the com-
pany. A few bills were ordered paid.
Then a communication from Miss
Jessop was read, which is as follows:
EAST LIVERPOOL, O., March 4,
To the Board of Education.

Since giving you my answer on Fri-
day I have found that my conscience
will not be stilled and trampled upon
at will. I have given your plan a fair
trial and find that to continue to do
so is to dishonor God. "Owe and God
make a majority," and I am going to
help make that majority. I have de-
cided it as a personal matter and no
pressure brought to bear upon the
other side can again alter my decision.
My only regret is that I did not let
conscience be my guide before. I
have tried to shoulder the blame and
responsibility upon the board, but I
cannot do it. I cannot make the
board responsible for my acts. After
today I cannot feel myself bound to
omit my Bible reading, but as hereto-
fore, will serve God first.

Yours truly,
FLORENCE M. JESSOP.

This communication was first
handed to Professor Sanor, who in the
following letter advised Miss Jessop
to resign her position.

EAST LIVERPOOL, March 4.

DEAR MISS JESSOP:—In view of the
fact that you have interpreted the
rule of the board of education in re-
gard to the formal reading of the
Bible to include the method of Bible
readings which you say you have had
in your school; and since you have
concluded that you cannot obey the
rule of the board as you interpret it,
I see no course for you to pursue,
other than to hand in your resigna-
tion as teacher in the public schools
of this city. I regret to say that I
shall expect your resignation in my
hands by 4:30 this afternoon.

Your place will probably be oc-
cupied by another tomorrow morning.

S. D. SANOR,
Superintendent.

Miss Jessop replied in a short note
that she would only consider
her place vacant when formally dis-
missed.

There was then some talk in the
board meeting of changing the resolu-
tions adopted in the case of Miss
Little, so that it would apply to any
teacher that disobeyed the orders of
the board, so as to save them the
trouble of drafting a new set in every
case.

After the letter was read to the
board, the following resolutions were
drawn up:

WHEREAS, Miss Jessop, a teacher in
the Fourth street building, declines to
conform to the rules and regulations
governing the schools, as adopted by
the board; therefore,

Resolved, That Miss Jessop be dis-
missed as a teacher, her services end-
ing with this date, and that the
superintendent fill her place upon
tomorrow morning.

Mr. Taylor moved they be accepted
and was seconded by Mr. Golding, all
members voting for it with the ex-
ception of Mrs. Whitehead.

The petitions presented by the
various Young Peoples' societies last
Monday night were laid over.

Miss Jessop has the warm sympathy
of every good and true citizen for the
stand she has taken and the members
of the board have shouldered the re-
sponsibility and must accept the con-
sequences.

Miss Deldrick was placed in charge
of Miss Jessop's room this morning
until a teacher is selected to fill the
vacancy.

TRADES COUNCIL MET

And Discussed the Immigration Question.
Lengthy Session.

Trades council met in regular ses-
sion last night and the meeting that
followed was an interesting one. The
question of the city owning and oper-
ating a light plant was discussed at
some length. The action of the city
council in considering the advisability
of this was given endorsement. The
"Unionist" was made the official
organ of the council. Then came a

debate on the stone immigration law.

It was admitted that the bill was
embellished with many good features,
but it was held that it also contained
clauses that they did not approve of.
Thomas Mumford, vice president of
the National Glass workers union, was
present and handled the above ques-
tion in an able and an intelligent
manner. An invitation was extended
to A. H. Clark to address the council
at a special meeting next Wednesday
night on the subject of "Labor."

PASSED AWAY.

Professor Gotschall Succumbed to Ty-
phoid Fever.

After an illness of less than two
weeks' duration with typhoid fever,
Professor George E. Gotschall passed
away about half-past 9 o'clock last
night. His parents were at his side
when he died.

Soon after death came the news was
carried to the rink and the sad intel-
ligence announced there. Professor
Gotschall was a thorough Christian
gentleman and made a host of friends
since coming here. He was a con-
sistent member of the Methodist
Episcopal church and was liked by
all. Universal sorrow is expressed at
his sudden demise. Because of Doc-
tor Huston's absence, Reverend Tag-
gart conducted funeral services at the
United Presbyterian church this
afternoon. The remains will be taken
tomorrow morning to Kilgore, Car-
roll county, the former home of the
deceased.

Professor Gotschall graduated at
Seloto conservatory of music, and
after teaching music for a time, came
to this city, where he since has met
with great success.

The professor was 27 years of age,
and lived with the family of William
McClane, on Jefferson street.

RUNAWAYS AND ACCIDENTS.

A Number of Them Late Yesterday After-
noon.

Late yesterday afternoon, as St.
Burlingame was unloading empty
casks from a wagon at Goodwin's
pottery, the horse hitched to the
wagon took fright and started to run
away. The animal galloped wildly
around the corner and turned up
Forest street; two or three posts were
struck by the wagon and pulled out of
place. The horse was stopped at Wal-
nut street. The wagon was somewhat
demolished and the harness torn.

Soon after this, a horse tied to a
post in front of a Sixth street store
became fractious and almost ran into
the window of a store. It turned and
dashed across the street and was then
stopped. During the few brief
moments, the horse managed to
partly smash the wagon and break
the harness. The owner of the outfit,
"Holiness" Ward, was in an adjoining
store, and when he looked upon the
scene of desolation, he simply ex-
claimed philosophically, "Bless the
Lord."

Isaac Burlingame had a break down
near the cemetery, and was compelled
to foot it home.

TO MAKE THEM WORK.

Petition to Make Workhouse Prisoners
Improve Public Roads.

T. E. Swan, of Waynesburg, Wed-
nesday presented to the Stark county
commissioners the petitions circulated
in the county praying that workhouse
inmates be employed on the public
roads to improve these thoroughfares.
There were 539 signatures
attached, representing citizens
of Canton and Canton town-
ship, Pike township, Sandy township,
Bethlehem township and names of
persons scattered throughout the
county. The same petition was con-
sidered by the board of managers of
the workhouse Tuesday, but no
action was taken. There will prob-
ably be a joint meeting of the work-
house managers and the county com-
missioners called at an early date to
consider the matter proposed in the
petition. This is a move in the right
direction and should meet with suc-
cess.

THE ARMORY QUESTION.

A Bill Introduced in the Legislature on
Behalf of Cleveland.

Members of the Ohio National
Guard in this city and elsewhere will
watch with interest a bill introduced
on behalf of Cleveland. The disposi-
tion of the bill will, in a measure, show
the attitude of the legislature on the
armory question. The Cleveland
measure, introduced by Senator Clark,
appropriates \$75,000 from the general
revenue fund of the state to be ex-
pended by the Cuyahoga county com-
missioners in completing the Central
armory. That its fate will be decided
rather speedily is probable, as Mr.
Clark succeeded in having the bill
read the second time under suspension
of the rules, and referred to the
finance committee. It is thought
that it will be reported back and put
on its passage next week.

AND STILL THEY COME

The Woman's Foreign Mis-
sionary Society

OF THE FIRST M. E. CHURCH

Adopts a Resolution Sounding a Very
Vigorous Protest Against the Action of
the School Board and Commends Miss
Little For Her Christian Courage.

EAST LIVERPOOL, O., March 5, 1896.

We, the members of the Woman's
Foreign Missionary Society, of the
First M. E. church, of East Liver-
pool, Ohio, desire to sound a clarion
like protest against the action of our
school board in banishing the Holy
Bible from our schools, and to com-
mend the courage of the Christian
woman who dared to oppose the
action, because of an insult to the God
whom she serves. Not only was it an
insult to God, but an insult to every
worker for the spreading and advance-
ment of His Kingdom. We cheerfully
give of our money, time and strength
for the support of teachers and bible
readers in this foreign field, while at
home in our own public school, this
very bible is ostracised. What an in-
dignity to heathen mothers and chil-
dren! We appeal to every worker
in the missionary cause to rise
in your might and strength, and not
allow your own children to be robbed
of the bread you seek to give to others.

We honor the Christian teachers who
dared stand by their convictions. Oh,
for more just such loyal and true
hearts. True to self and true to God.
"Them that honor me I will honor,
and they that despise me shall be
lightly esteemed." We feel this is no
time for half-hearted service. The
battle is between God and mammon.
On which side, dear sister, are you?
"He that is not with me is against
me." For the furtherance of Christ's
kingdom, many of us know what
work and sacrifice means, and we
deem it a blessing and an honor to
be counted worthy to work for the
Master; but let us be just as ready and
willing to stand by the work in our
own city and home.

In the name of "Him who hath
loved us and bought us with his own
precious blood," we ask that the open
Bible be placed in our schools.

WOMAN'S FOREIGN MISSIONARY SO-
CIETY OF THE FIRST M. E. CHURCH.

MISS JESSOP'S PUPILS

Desire to Have a Word to Say About Their
Teacher.

Special to the News Review.

"Miss Jessop is counted as one of the
best teachers in the Central school, and
to show that she is, her register and
her pupils will show. Another thing
is, that I know she is, because she is
my teacher, and if she did leave school
it was on a very good account, and I
think it would not hurt the school
board to get or to have as much reli-
gion as Miss Jessop has.

FROM ONE OF HER SCHOLARS.

Please put in a good place."

A number of communications of a
like character have been handed in at
the News Review office, by pupils of
Miss Little. We like to see the boys
and girls stand up so nobly for those
who have espoused the cause of right
and truth; but we suggest to the
youngsters the fact that Miss Little
and Miss Jessop have fallen into good
hands, and that their interests will be
carefully looked after by true men and
women. Go to the rink, children, and
hear Evangelist Schiverea tell about
the blessings which God gives to those
who read the Bible and who love its
teachings.

TO THE GREAT BEYOND.

Lottie Whan Passed Peacefully Away
Last Night.

Lottie Whan, the 10-year-old
daughter of Mrs. Emmett Whan, died
last evening at 6 o'clock, at her home,
corner of Seventh and Franklin
streets, after a lingering illness, of
consumption. The little one was a
very patient sufferer and had a lov-
able character that endeared her to
all. She died with a perfect faith
and her many friends have the con-
fidence that she has gone to a better
world. The bereaved mother has the
heartfelt sympathy of all in her sor-
row. Funeral services will be con-
ducted at the house this evening at
7:30 o'clock by Dr. John Lloyd Lee,
and the remains will be taken to East
Palestine tomorrow morning for in-
terment.

Will Meet Tonight.

The Young Men's Christian associa-
tion base ball club will meet in the
rooms tonight and organize for the
coming season. It is intended to
put the club on a sound financial basis
and to give the East Liverpool lovers
of sport a chance to see the kind of
base ball that was witnessed in this
city during the regime of the old
Eclipse team.

EAST LIVERPOOL, O., THURSDAY, MARCH 5.

For President,
WILLIAM MCKINLEY,
Of Ohio.

READ IT.

What? Read Florence Jessop's com-
munication, published in the NEWS
REVIEW of today, addressed to the
board of education of East Liverpool.
It has the right ring. The brave lady
has the courage of her convictions.

THE LEGAL SIDE.

The legal side of the question of the
power of the existing board of educa-
tion is the one which now demands
attention. If the members are and
have been legally elected under the
law of the state of Ohio, then they
have certain authority in the
premises. If they are serving under
the old village law, contrary
to existing laws controlling such
matters, then they have not the
shadow of authority, and proper legal
measures should be taken to oust
them. A committee of conservative,
representative men and women, com-
posed of those who believe that the
Bible must be taught in the public
schools, should be formed at once and
take immediate action. If an election
is ordered, and two members from
each ward are to control, then the
fight will be "for or against the Bible
in the public schools." Women and
men will have the right to vote, and
East Liverpool Christians should
speak in no uncertain terms. Turn
on the light.

THE FIGHT IS ON.

There is apparently a determination
on the part of the board of educa-
tion (?) to demand the resignation of
every teacher who will dare to read
the Bible in the public schools of East
Liverpool, and if the resignation is
not forthcoming, then summary dis-
missal will result. We have not con-
sulted a legally educated citizen on
the subject, but simply make the fol-
lowing query in the cause of right
and justice. Cannot the present sub-
stitutive board be restrained, by an
injunction, from discharging any of
the teachers, until the court de-
termines if said board is a legal
board or not? One member
of the board said, at last night's meet-
ing: "If these teachers are going to
defy the board, and will persist in
reading the Bible, then we might as
well dismiss them all and close up the
public schools." Then another mem-
ber said: "Well, I wish the whole
affair was back where it started from."
And another prominent member said:
"I am perfectly willing that the Bible
shall be on every teacher's desk, and
on every pupil's desk; but I want it
read as a book of reference, to help
in their studies, and not make the read-
ing compulsory." Then, we under-
stand, from reliable authority, that
the entire board, personally, want the
Bible in the schools and want it
read; but conscientious, they want to
do the will of their constituents. One
member of the board said, last night,
"there's a spring election coming, and
then we will find out about the mat-
ter." Christian men and women, what
did this latter member mean? Has
he thrown down the gauntlet on the
fight of "Bible or no Bible?" If he has,
let your ballots speak in trumpet
tones. God uses human instrumentalities
to carry out his purposes.

A severe rheumatic pain in the left
shoulder had troubled Mr. J. H. Loper,
a well known druggist of Des Moines,
Iowa, for over six months. At times
the pain was so severe that he could
not lift anything. With all he could
do he could not get rid of it until he
applied Chamberlain's Pain Balm. "I
only made three applications of it,"
he says, "and have since been free
from all pain." He now recommends
it to persons similarly afflicted. It is
for sale by A. H. Bulger, druggist.

Morgan to Reorganize the B. & O.

stated to be the very best authority a
local paper says that the reorganization
of the Baltimore and Ohio railroad will
be conducted by J. Pierpont Morgan.

WORKMAN SCHOOL LAW AMENDED

In a Bill Which Has Gone Through in
the House—Bill Passed Making Lin-
coln's Birthday a Legal Holiday—Other
Measures Considered.

COLUMBUS, March 5.—A bill has passed
in the house amending the Workman
school law so as to provide for the elec-
tion of two additional school directors,
who are given power to hire teachers.

Other bills passed in the senate were:
Amending section 568 so as to confine
the jurisdiction of justices to the town-
ships where elected in cases where con-
tiguous territory has been added to cit-
ies.

Making Feb. 12, Lincoln's birthday, a
legal holiday.

A resolution to limit debate was in-
definitely postponed.

These bills were introduced in the
senate:

Providing that state and local bonds
must be made payable on Jan. 1 and
July 1 in this country and in the lawful
money of this country.

To regulate the practice and defining
the necessary qualifications of archi-
tects.

Joint resolution to adjourn on Friday
until Wednesday at 4 p. m.

The senate had under consideration a
bill to reimburse Colonel Coit and pay
his attorneys. The bill is still pending.
It is bitterly opposed. It asks for \$30,-
000.

FORAKER MADE FAST TIME.

Takes a Special Train to Cleveland and
Attends a Banquet.

CLEVELAND, March 5.—Senator-elect
Foraker was the guest of honor last
evening at the banquet given by the
Thirty-second Ward Foraker club. He
came from Cincinnati by special train
on the Big Four railroad, leaving that
city at 4 o'clock in the afternoon and
arriving at 9:15.

That beats all previous railroad re-
cords between the two cities by 13 min-
utes. Senator Foraker responded to the
toast, "The Republican Party," deliver-
ing an eloquent speech. The other dis-
tinguished speakers were Governor
Bushnell and Lieutenant Governor
Jones. The banquet was attended by
all the leading Republicans of the city.

A Good Oil Producer Struck.

MCCONNELLSVILLE, O., March 5.—Oil
was struck a few days ago at a depth
of 130 feet in a well drilled on the farm
of J. T. Stanton, cashier of the First
National bank of McConnellsville. The
pipe carrying the oil was too small to
allow all the oil to be carried away
which the pump threw, yet 45 barrels
were pumped out in three hours. Ex-
perienced oil men put the capacity of
the well at 200 barrels per day.

To Take the Strikers' Places.

CINCINNATI, March 5.—A new feature
is appearing in the strike and lockout

they are importing cutters from New
York and Chicago, where there are
plenty of that class out of work.

DAYTON, O., March 5.—Dr. G. W.
Miller, the workhouse physician, says

dition, six are convalescing and the rest
are reported to be doing nicely.

B. & O. Southwestern All Right.

NEW YORK, March 5.—President E.
R. Bacon of the Baltimore and Ohio
Southwestern railroad, in an interview
regarding the status of his company in
the light of the receivership, said that
the Baltimore and Ohio railroad, says that
the Southwestern is absolutely solvent
and that its earnings for the first half
of the fiscal year were \$200,000 in ex-
cess of fixed charges, taxes and ex-
penses.

Stevenson, wife of the vice president,
was the honorary guest.

WILD EXCITEMENT IN ITALY.

Defeat in Abyssinia Causes Rioting—Gen-
eral Baratieri May Be Executed.

ROME, March 5.—Further details have
been received concerning the defeat of
the Italians at the battle of Adowa,
and they tend to confirm the most
alarming reports circulated, although
the exact number of men killed is not
announced. It is believed, however,
that 3,000 was killed.

General Baratieri's force consisted of
16 battalions of white troops (Italians),
6 battalions of native troops and 12 bat-
teries of artillery, which was nearly
wiped out.

Since the defeat no news has been re-
ceived from General Baratieri's brigade,
which was composed of seven
white battalions and four batteries of
artillery.

Generals Albertone and Arimondi
and their brigades are also missing and
it is believed they have been annihi-
lated.

It is almost impossible to describe the
state of excitement in Rome, and no
such scenes have been witnessed since
the occupation of this city by the Italian
troops.

The whole population seems to be in
the streets crying for the downfall of
the ministry, and the entire police force
as well as all the troops of the garrison
are on duty.

The cabinet ministers have been hold-
ing meetings, but so far as known, the
king has not yet accepted Premier Crispi-
ni's resignation.

The whole country appears to be as
excited as the inhabitants of the cap-
ital, and it is reported that rioting has
occurred in several cities, notably Na-
ples, Florence and Venice.

The offices and residences of all the
ministers are guarded and the guards at
the palace have been doubled.

Some of the reinforcements designed
for the relief of the Italian army in
Abyssinia were to depart from Padua,
but they were taken possession of bodily
by the rioters. The soldiers were forced
out of the cars in which they had taken
their places preparatory to departure
and the mob then tore up the rails along
the track and made the soldiers promise
not to leave the town.

General Baratieri's own report shows
that he quitted the battlefield while the
troops were still fighting and without
knowing the fate of the column under
Generals Baratieri and Arimondi. He
will be tried for abandoning his post,
the penalty of which is degradation and
death.

Reports unfavorable to General Bar-
tieri are assuming a darker color. A
rapid escape to a position 100 kilometers
from the army, which was left to its
own guidance, is bitterly commented on.

Gone to Hunt in Africa.

NEW YORK, March 5.—Prof. Daniel
Giraud Elliott, F. R. S. E., the author

dinand, whom it was hoped to get rid of.

New York Meeting Netted Quite a Sum
For the Presbyterians.

NEW YORK, March 5.—At the head-
quarters of the Presbyterian Home mis-
sion, at 146 Fifth avenue, it is an-
nounced that the meeting at Carnegie
hall netted \$5,800.

Recording Secretary Oscar E. Boyd
stated that many persons present at the
meeting who made no contribution at
that time have signified their intention
of sending in contributions within the
next few days. Altogether it is expected
that fully \$25,000 will be realized as a
result of the meeting. It could not be
ascertained whether President Cleve-
land has subscribed to the fund.

Archbishop Kenrick Dead.

Kenrick, who for nearly a half century

half years ago Bishop John J. Kane of
Wheeling was elected to an archbish-
opric and sent here to relieve him.

A U. S. FLAG BURNED.

Another Insult From the Angry Spaniards.

MORE DEMONSTRATIONS IN SPAIN.

Police Disperse a Mob in Madrid and Make Arrests—The Universities Temporarily Closed by the Government to Stop Disturbances by Students.

MADRID, March 5.—There have been renewed disturbances here and demonstrations of popular anger against the United States government. The students of the university seem to have been the offenders or leaders in the demonstration. In spite of the special prohibition directed against them by the government, the inhabitants indulged in renewed manifestation of the unfriendly sentiments against the United States.

They assembled before the Madrid university and there publicly burned an American flag. The police dispersed the meeting after making several arrests. As a result the cabinet council decided to temporarily close the universities. It was also decided to create a special budget for naval armaments. The premier, Senor Canovas del Castillo, denies that Spain is negotiating with any foreign power with regard to Cuba.

Negotiations are on foot for France to support Spain diplomatically in the Cuban affair in return for concessions in Morocco, including the French occupation of Tunis, the extension of the concession for Spanish railways to the French group holding it and the purchase of \$25,000,000 Cuban bonds from Spain by a Paris syndicate to provide funds for a Cuban war.

The feeling both political and financial is calmer on the news that President Cleveland is disposed to offer friendly mediation before he officially recognizes the belligerency of the Cubans. The principal newspapers now deprecate the demonstration and advocate prudence.

WORK ON THE BIG SHIPS.

The Cramps Pushing the New War Vessels to Rapid Completion.

PHILADELPHIA, March 5.—Although the officials at Cramp's shipyard say they have received no special orders to rush the three warships, the Massachusetts, Brooklyn and Iowa, to completion, because of the pending trouble with Spain, there is nevertheless an air of activity about the yard that contrasts strongly with the recent dullness there.

The Massachusetts, a sister ship of the Indiana, will be given her preliminary sea trial about the middle of April. She is practically ready for the trip, only needing two of her big 12-inch guns to complete her armament. These are expected to arrive from the Washington gun shops within a few days.

The cruiser Brooklyn has all of her main machinery in, and the work on her sloping protective deck is rapidly progressing. As she carries no heavy armor, she will not be subject to the delays encountered by the Massachusetts.

The battleship Iowa is still on the stocks, and her launch has been fixed for March 28. She is being plated up. Under fair conditions she could be completed, if badly needed, in about six months. The Iowa will be the most powerful ship in the United States navy.

GERMAN WARNING TO SPAIN.

Spaniards Had Better Control Their Feelings Toward the United States.

LONDON, March 5.—The Times has a dispatch from Berlin reporting that The Cologne Zeitung has an article which is believed to represent the views of the government on the subject of the United States' attitude toward Cuba, and which treats neither the United States nor Spain with leniency.

It taunts the Americans with concealing their schemes of conquest under the mask of humanitarian sentiments, though, it adds, it is not their custom to clothe their ambitious designs in diplomatic form. It warns the Spaniards against giving violent expression to their national feeling, as they did in the Caroline islands dispute, because they have now to deal with a much less indulgent adversary than Germany.

FILIBUSTERING SHIP CAUGHT.

Authorities Only Able to Detain Her a Few Days.

WASHINGTON, March 5.—Captain Shoemaker, chief of the revenue cutter service, has received a telegram from Captain Haring, commanding the cutter Merrill, at Port Tampa, Fla., stating that he had seized the schooner S. I. Mallory 40 miles south of that point loaded with arms and ammunition, and that he had delivered her to the proper authorities at Port Tampa.

Notwithstanding this seizure the authorities here have little expectation of view of recent decisions of the court of making out any case against the Mallory that will detain her longer than a few days.

WEYLER CAN'T UNDERSTAND.

He Is Surprised at Our Wanting to Recognize the Rebels.

HAVANA, March 5.—Captain General Weyler, the commander-in-chief, in talking over the situation, said:

"I cannot understand the sentiments which lead the United States congress to do what it has done. If recognition of belligerency is formally declared, American property will lose the legal rights of protection by my soldiers it now enjoys. There are extensive American interests here, and if the United States recognizes the rebels, they relieve my government and myself from responsibility."

Rebels Badly Whipped in Cuba.

HAVANA, March 5.—General Bernald's brigade at Manzanillo has routed 3,000 rebels, killing 300 and wounding 500 and capturing 400 horses, a quantity of arms and ammunition and explosives. The Spanish loss was four killed and eight wounded.

HOLMES DOOMED TO DIE.

Supreme Court Decides Against Him—He Sends For a Priest.

PHILADELPHIA, March 5.—The supreme court, in a decision by Justice Williams, has overruled all assignments of error in the case of H. H. Holmes, sentenced to death for murdering Benjamin F. Pitezel and confirmed the judgment of the court below. The opinion says that no substantial error has been pointed out, and the evidence fully sustained the verdict.

The papers in the case are in the hands of Governor Hastings, who, it is believed, will fix an early day for the execution of the notorious criminal.

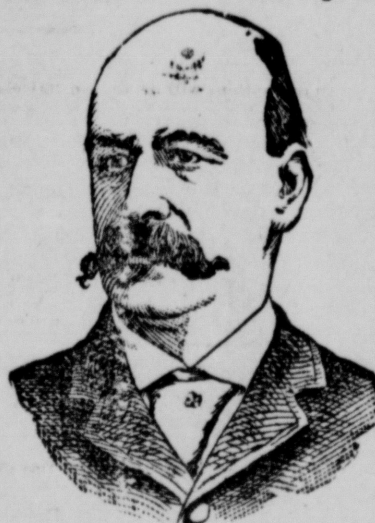

Holmes has lately been making preparations for the gallows, and is said to have sent for a Catholic priest, who has since visited him several times.

GOVERNOR GREENHALGE DEAD.

The Massachusetts Executive Expired Early This Morning.

LOWELL, Mass., March 5.—Governor Greenhalge died here early this morning.

Governor Greenhalge was of English birth, but came with his parents to this country in his childhood. He was graduated from Harvard university in 1863. Two years later he was admitted to the bar, at which he took high rank.

NANSEN NOT HEARD FROM.

Baron Toll Points Out the Inconsistency of the Report.

ST. PETERSBURG, March 5.—Baron Toll, the Russian explorer, who established the Nansen provision depots on the new Siberian islands, expresses the opinion that the date (Nov. 18) of the letter from Peter Ivanovich Kuchnarsky, the trader at Ust Vansk, lessens the probability of the report regarding Nansen.

Inasmuch as Nansen himself, or a comrade, must have reached the mainland at the same time as the date of this letter, he says a direct communication from Nansen would have arrived long ago.

A SENATOR FATALLY CANED.

Senator Flood Assaults Senator Flanagan in the Virginia Legislature.

RICHMOND, March 5.—Senator Flood, in the senate chamber, has thrashed Senator Flanagan with a cane. Flood was arrested and bailed. Flanagan a day or two ago said on the floor that Flood had falsified him.

The condition of Senator Flanagan is not favorable. His physicians fear now that there is concussion of the brain. They say it cannot be definitely known within the next 13 hours what the result will be. He has been delirious for some hours.

Fatal Mine Fire in Silesia.

BERLIN, March 5.—A fire has occurred in the Cleophas mine at Katowitz, Prussian Silesia. The bodies of 21 victims of the conflagration have already been recovered, but the fate of the miners entombed, numbering about 100, is still uncertain.

PARKERSBURG, W. Va., March 5.—In a breach of promise suit brought by Sarah Ward of this county against Alonzo E. Dye of Ritchie, in which \$10,000 damages was asked, the jury, at Parkersburg, brought in a verdict giving plaintiff \$1,000.

Scared Over a Divorce Bill.

PERRY, O. T., March 5.—Lawyers and the community of divorcees now here are anxious about the bill before congress making uniform divorce laws in every state and territory. Oklahoma City has sent an attorney to Washington to lobby.

A LAKE ERIE CANAL.

Secretary Lamont Submits Plans to Congress.

THREE ROUTES FOUND FEASIBLE.

The Estimated Cost of Each Waterway Given—The Board of Engineers Favors a Bigger Canal Than the Dimensions Prescribed in the Act.

WASHINGTON, March 5.—A plan has been submitted to congress for a canal connecting Lake Erie with the Ohio river. The secretary of war has sent to the house the report of a board of three engineers of the army of a survey of the Miami and Erie canal, the Ohio canal and connections available to make a continuous canal connecting the waters of Lake Erie with the Ohio river through the state of Ohio. The survey was also to look to the feasibility and advisability of improving and widening the canal to 70 feet and deepening it to seven feet. Plans and cost were also required for the construction of locks with a capacity for vessels of at least 280 tons burden.

The board considers the following routes available for continuous canals making the required connections: First, eastern route, Cleveland to Marietta; second, central route, Sandusky Bay to Portsmouth; third, western route, Toledo to Cincinnati.

On all these routes the water supply is such that with necessary improvements it is practicable to construct a canal of the kind required that can be operated at its full capacity for 275 days each year.

The estimated cost of each waterway of the prescribed dimensions is: Eastern route, \$12,299,372; central route, \$18,094,165; to the latter may be added, if necessary, cost of feeder from Lewis-town reservoir to the Scioto valley \$24,000, making the whole sum for the central route \$18,118,165; western route, \$28,011,374.

The board concludes that while it would be feasible to construct a canal of the dimensions specified, it would by reason of inadequate depth in the canal and the Ohio be restricted in its benefits. In the opinion of the board the construction of a canal of such dimensions, or a part from an adequate improvement of the Ohio river would not be advisable. The board has not considered it part of its duty to present any recommendation with regard to a canal of dimensions different from those prescribed in the act of congress. A canal having a uniform width of 85 feet and a depth of 10 feet would admit the passage of vessels that might be considered of about the least practicable size for lake navigation.

U. S. DISTRICT ATTORNEYS' SALARIES.

The House Fixing Them Under the Plan to Abolish Fees.

WASHINGTON, March 5.—The house spent the entire session fixing the salaries of the United States district attorneys in the amendment to the legislative appropriation bills to abolish the fee system. The law at present fixes the maximum salary from fees at \$6,000. In only one case was the recommendation of the judiciary committee departed from, the western district of Pennsylvania, where the salary recommended was increased from \$3,500 to \$4,000. The salaries for district attorneys were fixed as follows: Ohio, northern and southern, \$4,000 each; Pennsylvania, eastern and western, \$4,000 each; West Virginia, \$4,000.

The request of the senate for a conference on the Cuban question was received but not acted upon. A bill was passed to indemnify the state of Pennsylvania for money expended in 1864 (not exceeding \$46,200) for militia called into military service by the governor under the proclamation of the president of June 15, 1863.

THE CUBAN RESOLUTIONS.

They Will Go to a Conference—Dupont Case in the Senate.

WASHINGTON, March 5.—The senate has begun the consideration of the Dupont case from Delaware. Mr. Mitchell spoke in favor of seating Mr. Dupont, but no action was taken.

The Cuban resolutions went to conference as a result of a report from the committee on foreign relations, and Messrs. Sherman, Morgan and Lodge were named as senate conferees.

Cherokee Certificates Ordered Paid.

WASHINGTON, March 5.—The United States treasury has been directed to redeem \$1,660,000 certificates of indebtedness of the United States issued in payment of the Cherokee strip, which was purchased from the Indians. Secretary Carlisle held that as these are government obligations no specific appropriation is necessary for their redemption. This is the first installment of certificates due March 6, 1896.

A Labor Bill Favored.

Eleven were put to work the other day and because the authorities would not feed them beefsteak and potatoes at every meal, quit labor in two days. They were then fed on bread and water and held out for two days, finally deciding to take what they could get.

Another street car left the track on the switch at the watering trough late yesterday afternoon. The motorman was backing the car on to the switch again, and the rear wheels left the track and the car almost went over the hill. The promptness of the motorman in applying the brake prevented a catastrophe. Several lady passengers were badly scared at the narrow escape.

The Third ward is recognized with more official favors than any other ward in the city. It has five members on the school board, two representatives in council, claims the position of sanitary police and health office while the offices of mayor and city solicitor are also filled by selections from that ward. Truly it has received a bountiful supply of political patronage.

To see a clean street in the city now-a-days is quite a rarity. There ought to be some way provided to keep them a little more respectful looking. Even the sidewalks on some of the most prominent thoroughfares are little better. On Fifth and Sixth streets portions of the pavement need to be re-laid, water having got in under the bricks, making the ground soft, and lowering the bricks a few inches from their regular level.

See That Window of Shirt Waists at The Crosser-Ogilvie Company's.

I will give you an idea of the stock they carry. No other house this side of Pittsburgh shows such a line; in fact we doubt if any city store shows a better line. This first invoice amounts to nearly one thousand dollars.

The cloak room is (comparatively speaking) full of shirt waists. It seems like a venture to put such a stock in an East Liverpool store, but the people of our city know a good thing when they see it. This fact was demonstrated last year in the shirt waist trade; the demand was greater than the supply. Not a garment was left at the end of the season. So every waist now shown is new and fresh. They are the same make sold last year

The Justine

No other store in the city has them. The fit is perfect, the style is high class, the work and quality of material is better than the general run of madeup garments. A little early to wear them just now, but they will keep. So drop in and look through the stock; and if you have a half dollar or a dollar, or a dollar and a half to spare, take one of the choice styles home with you. You get the cream now, for you have the entire stock to select from. While in the cloak room ask to see the line of

Ready-Made Skirts.

They come right in with the shirt waist trade. Made by the same manufacturer as the Justine waist. They are perfect in fit and style, and very much cheaper than you can have them made. They are in serges, mohairs, brilliantines and brocaded silks. Prices range from \$2.98 to \$12. There is also a large line of wrappers on display, and we think for style and price they are better than ever shown before. Prices are from 75c to \$2.75, just about the usual price charged for making. So you really save nearly the cost of material.

Money is still hard to get. You generally have to work for it. It is your duty to spend it where you get the best value for the hard earned dollar. Low priced goods are not always cheap. It requires quality to make good value, and good goods at low prices to make bargains. Try

APPEALS FOR MCKINLEY.

Thurston Roasts Manderson—Asks Nebraska Republicans to Support the Ohio Man.

OMAHA, March 5.—Senator Thurston has made public an appeal to Nebraska Republicans in favor of sending a McKinley delegation to St. Louis. It contains 200 words, and warns voters that the candidacy of General Charles Manderson of Nebraska is designed to defeat McKinley in the interest of other candidates, and not with the idea of Senator Manderson being elected. He concludes as follows:

"I ask in all candor and fairness, has any one man, however distinguished, any right to ask those Republicans who naturally and of their own free choice desire the nomination of William McKinley to assist in defeating him, until at least some assurance can be given of some outside support for a home candidate."

"If the 16 votes from Nebraska are to be used to defeat McKinley let it not be under the cover of false pretense which masks the real design."

"If McKinley is defeated and the Nebraska voters contribute to that defeat, those who participate in it must accept full responsibility."

CHICAGO, March 5.—William J. Campbell, the Republican national committee man from Illinois and for years prominent in the councils of the Republican party, has died of pneumonia after a short illness. ST. LOUIS, March 5.—A local paper states that Senator Vest, in a letter to a prominent man here, now heartily favors the proposition to have the state convention elect the Chicago delegates, irrespective of the choice of districts, to the end that Missouri may send to the Democratic national convention a solid delegation that will work for free silver.

A Solid Delegation For McKinley.

LITTLE ROCK, March 5.—The Republicans have held conventions in each of the six congressional districts to complete the list of Arkansas delegates to the national convention. All conventions instructed for McKinley, and the state of Arkansas will vote solidly for him from the start.

laughter? Why are the nations-arming and drilling? What does it all mean? It means that the nations of the world have turned away from God, and God will punish them for so doing. What do we need in this hour of dire need? We need and must have a revival of religion. The people must call unto God.

Look at the struggle between capital and labor. Think of the awful crime of Homestead. I was there at the time, and under God, did what I could. I love the workingmen. I love their souls. You can solve the labor trouble by coming to God—employer and employed. Get into God's army and you'll be all right. There was trouble in an establishment where 300 men and women were employed. The owner came to me and said that he was interested deeply in the welfare of his employees, and he wanted me to do what I could, through God, in the settlement of the trouble. I went among them and God blessed my work and the trouble was avoided and men and women called down blessings upon me. Yes, religion will settle the trouble. Give the working man a chance; yes, give him a chance. Let him be able to live comfortably—to have the comforts of life. Let the employer pay good, living wages, and the workman do a fair and honest day's work—value received. Let the golden rule control.

What a horror it is that the youth of the land are often taught to play cards in the home circle, by their mothers and sisters. This becomes tame after a while, and the gambling bells and haunts of vice are visited by these same youths, and a life of out-breaking sin and crime is the result. On next Sunday I'll exhibit the full paraphernalia of a converted gambler. He has been converted, has given me his kit of gambling tools; himself saved by Jesus, he wants others saved.

Get the lever of prayer under East Liverpool, oh ye Christian men and women, and God will do the work. I'm glad the Bible is barred from your schools. I'm glad it has been barred. Why? Because you will be awakened from your lethargy; you will be made to think over the situation; you will force an honest election; you will realize the awful danger to the public schools. God's hand is in this.

We want God's converts—not Schvitzers' converts. Your ministers are grand men. They are educated men, Christian men, and have been getting the harvest ready. The harvest is now ripe, ready for the sickle, and they want helpers—extra hands—as does the farmer in harvest time, to garner the grain; rally to their help, to the cause of our Heavenly Father.

Whitfield, the famous evangelist, met a drunken man who addressed him. The intoxicated man said: "What, you don't know me; why I'm one of your converts." Whitfield replied: "I might have known that it was some of my poor work; it could not have been God's."

The evangelist made a wonderful exhortation from Second Chronicles viii:14: "If my people, which are called by my name, shall humble themselves and pray, and seek my face, and turn from their wicked ways, then will I hear from heaven, and will forgive their sins, and will heal their land."

You have a cordial invitation to these meetings. Go to the rink early tonight if you would secure a seat.

ON THE TRACK.

The Trolley Came Off Yesterday and the Car Stopped.

Superintendent Andrews had rather a thrilling experience yesterday afternoon. He was in charge of car No. 17 and was about to cross the railroad track at Second street going west. As the wheels of the car struck the rails the trolley flew off and the car came to a dead stop directly across the track, just as the 420 passenger train eastward bound was leaving the depot. The engineer quickly saw the danger ahead and immediately reversed the lever, bringing the engine to a stop but a few feet distant from the street car. The trolley was put in place again and the car resumed its journey, the superintendent breathing much easier and not counting any desire to have any more such close calls.

THE BADGE CAME.

It is a Thing of Beauty—Handsomely Engraved.

The badge to be presented to Dr. William J. Taylor by the members of the police force and fire department, arrived last night. Fireman Will Terrence was entrusted with the selection of many of the badges heretofore sent for by the members of the department, and this last proves that he displays good taste in choosing. The badge is of solid gold and shaped in the form of a shield. Around the outer part of it are the words, "W. J. Taylor, Surgeon to Police and Firemen." Inside of the medal is a star with the inscription, "East Liverpool, Ohio." The badge is of the latest design and handsomely engraved. It will be formally presented to the doctor at the meeting of the firemen next Wednesday night.

COMPLAINTS

Are Not All Being Made by East End People.

A gentleman, whose reliability cannot be questioned, called at this office early this morning, and stated that he, too, wanted to register a complaint against the way the children were treated in regard to being excused from the school room, during school hours. He said: "My boy attends the Fourth street school, and came home twice with his clothes in a badly soiled condition; once in October and once in December. The boy when questioned said that his teacher would not let him go out when he asked."

This is the largest company playing the road this season. They carry 16 people, an orchestra of three pieces and a carload of special scenery and mechanical effects. The company comes highly endorsed as a metropolitan attraction. Monday will be ladies' free night. One lady and gentleman or two ladies will be admitted on one paid 30-cent ticket. TAKE STEPS

In time, if you are a sufferer from that scourge of humanity known as consumption, and you can be cured. There is the evidence of hundreds of living witnesses to the fact that, in all its early stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 98 per cent, are cured by Dr. Pierce's Golden Medical Discovery. Recovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines which they are acquainted with. Nasty coughs and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, hypophosphates had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, including lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write to those who have been cured and profit by their experience.

DANGER IN EARLY RISING.

A Doctor's Theory That the Habit Helps to Make People Insane.

Dr. Selden H. Talcott, the medical superintendent of the Middletown State Insane asylum recently, started the theory that nothing conduces so much to insanity as early rising.

In proof of his assertion Dr. Talcott calls attention to the relative frequency with which farmers, their wives, sons and daughters become insane. The cause of this has hitherto been thought to be their isolated lives, their hard work and perhaps the excessive use of pie and potatoes.

On the other side, it has always seemed to Dr. Talcott and other eminent alienists that there must be some other deep seated cause of insanity among the farming classes than pie and potatoes. Farmers have always pure, fresh air in abundance, which city folk seldom have; they are less liable to mental and nervous strain than city folk and also less liable to infectious diseases and the bad effects of alcohol.

Dr. Talcott's view, after a careful consideration of the advantages and disadvantages of farming life as a predisposing cause of insanity, is that it is the excessively early hours of rising which increase insanity in the rural districts out of proportion to the urban and suburban rate. He thinks growing children in particular suffer severely from the "artificial cut off" which is applied so rigidly to their lives.

The report of the state commission in lunacy shows that during the year ending Sept. 30, 1894, 370 farmers, gardeners and herdsmen were committed in New York state as lunatics. This is a larger number than in any other class except laborers, of whom there were 607 commitments.

As against these large classes there were only 54 members of the professional classes committed, including clergy, military and naval officers, artists, authors, civil engineers and surveyors. There were only 45 men committed out of the large class of waiters, cooks, servants, miners and seamen. The class of male teachers, students, housekeepers and nurses gave only 23.—New York Times.

—Rev. Chester Spencer, of the Christian church of Quaker City, took part in the services at the rink last night, and offered up a fervent prayer for God's blessing on the work.

"Perhaps you would not think so, out a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Cyrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. There are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one, get rid of it as soon as possible. By all means do not neglect it." Doctor Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

A Millionaire's Hard Fate.

How sadly deficient some people are of any sense of humor when the subject is themselves! Take the Duke of Devonshire, who delivered a speech at the opening of a "Passmore Edwards House" for epileptics. So long as he kept to the epileptics the duke managed well enough, but before he sat down he must needs get on the subject of himself and the sorrows of the poor millionaire:

"It might perhaps be considered presumptuous for one who was reputed to be rich himself to offer advice to other rich men which he had not taken himself or was not himself prepared to follow, but perhaps he might be allowed to point out that there was some difference between those who happened to be in the possession of wealth inherited from several generations and those who had created their own fortunes. Their predecessors, in cases like his own, had generally contrived to find quite as many channels by which wealth flowed out as by which it flowed in, and those who had for the benefit and advantage of their successors created great estates, entailing much labor in administration and many responsibilities, had not left to their successors a legacy of unmitigated advantage."

The spectacle of the duke inviting the commiseration of his audience for the cruel fate which compelled him to keep up Chatsworth and Devonshire House instead of founding homes for epileptics is indeed excruciating.—Westminster Gazette.

Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read this notice at a distance of 18 inches from the eye with ease and comfort. Any one who is unable to do so with ease and comfort is afflicted with some eye defect, and it is to be regretted that many such persons do not seek relief. When the eye becomes tired from reading, writing, or if the letters look blurred and run together, it is a sure indication that the vision is defective. The cause may be nearsightedness, farsightedness, or astigmatism. In such cases, the use of spectacles is necessary to restore normal vision. It is important that the spectacles be properly fitted and that the lenses be of the correct curvature. A person who wears spectacles should be careful to keep them clean and to avoid using them when the eyes are tired or inflamed. If the vision becomes worse, it is necessary to consult a specialist.
